

# JAGDISH KRISHANI

Age: 6.5 years

Jagdish is one of the older children in the group. He has been coming to school for some years now, still he is irregular

He is from the village Leduguda and has two siblings, an elder and a younger sister, both studying in our school.

Jagdish is unable to concentrate, he is fidgety. Only activities that interest and involve him are drawing, colouring, cutting & pasting and playing.

Jagdish likes playing with all the children in the group. He likes to sit with Prabhat, who is his cousin. He is also more inclined towards Vikram and Radhika.

When given a task Jagdish takes responsibility.

Jagdish chants clearly, after which he starts fidgeting and disturbing others. He likes the chant - Deepam Jyoti. In prayers he likes Ram Naam Gun Gao

## ENGLISH

Jagdish is a shy student when it comes to speaking in English. His attendance is irregular as a result he has gaps in his learning.

He is slower at picking up new concepts.

He tends to be disruptive in class. Jagdish keeps fidgeting with little toys he brings to class.

He speaks very few words in English, though he understands. He likes the rhymes - 1, 2, 3, 4, 5 once I caught a fish alive.

Age: 6.5 years

## HINDI

Jagdish has a clear understanding. He was able to do the alphabet related drawing activity rather well. He came up with lots of new, relevant words. He is hard working.

Whenever he goes on holiday, on returning he finds it difficult to catch up. He learns watching his friends. Once he understands, he will then complete his work properly. He reads two letters rather well.

## MATHEMATICS

Jagdish knows counting upto 100. But he is still confused about number before, though he tells number after. For number in between also he responds correctly at times, else he blurts wrong answers.

Sometimes he doesn't want to do anything, is moody. We try to involve him with activities that would interest him.

Jagdish can do single digit addition with objects and mentally also. Subtraction he can do with objects only.

## SKILL DEVELOPMENT

Jagdish likes skill based activities best at school. He draws with utmost attention. He is very particular about the colours he uses.

Making things using cutting

and pasting, doing clay modeling also interests him quite a bit. If it was possible he would do only these activities the whole day. One of Jagdish's drawing, that was made after the story "The Enormous Turnip" was told, is shown here.

## PHYSICAL DEVELOPMENT

Jagdish absolutely loves playing in the sand pit, making castles in the sand, playing on swings & slides and also. On the field he likes to play football. He can be seen participating in Fun Relay on Sport's Day.

Jagdish is encouraged to become regular to school.
