

Harekrishna kamar

DOB-12-06-2006

Report -2023-24 (first term)

Attendance-179 out of 183 days

Introduction

I am Harekrishna Kamar, a 17-year-old who has recently completed my 12th grade. My favourite pastime is playing football; I'm passionate about it. I've chosen English Honours as my field of study for graduation.

Study

Having successfully cleared my 12th grade, the following were my marks-

English 80 %

Data entry 78%

Home science 68%

History 51%

Physical education 78%

I've also enrolled at IGNOU, where I've opted for English Honours as my major. The first year comes with a total of eight books. With the assistance of Pranjal Bhaiya, I've managed to complete most of the first-year

syllabus. I'm currently independently working on the questions and answers for the books I've already studied, which include:

1. BEGC-101 Indian Classical Literature
2. BEGC-102 European Classical Literature
3. BEGC-103 Indian Writings in English
4. BEGC-104 British Poetry & Drama 14th-17th C.
5. BEGC-105
6. BEGC-106
7. BEGC-107
8. BEGC-108

Volunteering

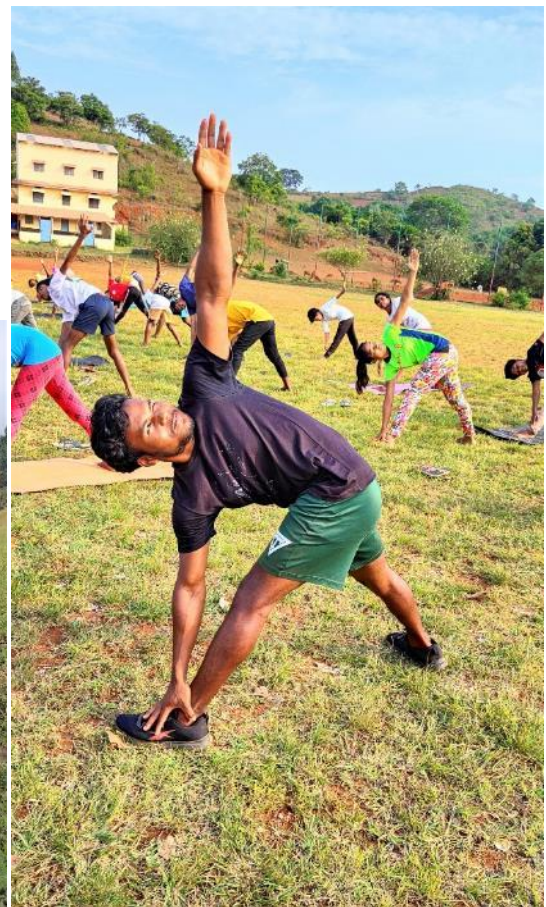

children's photos, occasionally handling other laptop-related responsibilities.

Games

My sporting interests extend to football, basketball, and volleyball. Football stands out as my favourite, and I play it three times a week. Basketball and volleyball occupy my schedule twice and once a week, respectively.

Prior to participating in any game, I meticulously perform full-body exercises, gradually warming up by running to prepare myself for play.

Shramdan

I engage in various Shramdan activities every morning. These duties encompass kitchen work, toilet cleaning, gardening, school cleaning, and hostel cleaning, each lasting an hour.

- In the kitchen, I'm often found helping to chop vegetables for the morning's breakfast. If time permits, I extend my assistance to prepare vegetables for lunch.
- Toilet cleaning involves collaborative work with my group, followed by sweeping the surrounding areas.
- In gardening, I contribute by turning the soil over to facilitate crop planting and help with weeding after digging.
- School cleaning involves tasks like sweeping and mopping, culminating in the disposal of the collected garbage.

- When cleaning the hostel premises, I tackle responsibilities such as cleaning drains and, when necessary, sweeping the veranda and steps. Occasionally, I handle spider web removal.

Festivals

I actively participate in a variety of festivals and celebrations. One notable event was my participation in a play about freedom fighters on

Independence Day (15th August), where I had the privilege of playing the role of Raj Guru. Throughout the year, I partake in many other festivals, including Mother's birthday, Ganesh Chaturthi, Raksha Bandhan, Dusshera, Gandhi Jayanti, the school's birthday, and Rathyatra.

Trip

One memorable experience this year was a trip to Delhi with younger children. Our journey included visits to various places:

- We began by visiting the Qutub Minar in Delhi, and from there, we travelled by train to Rishikesh, where we stayed at Swami Dayanand Saraswati's ashram.
- In Rishikesh, our exploration included destinations like Laxman Jhula, Rishi Vashist Cave, and the evening Ganga Aarti.
- We proceeded to Nainital, where we spent three days and participated in activities such as Tiffin Top, Meditation Rock, rappelling, bouldering, and river crossing.

- I particularly enjoyed a 16 km walk to Kainchi Mandir and another 20 km walk to Ramgarh with Pranjali Bhaiya and a few other elder friends.
- In Ramgarh, we spent five days and explored places like the Mountain Paradise, where we also indulged in trekking.
- Finally, we returned to Delhi, where we visited several museums, including the National Museum, War Museums, Crafts Museum, Akshardham, Seven Wonders of the World, Humayun's Tomb, and the Lotus Temple.
- Our journey concluded with a visit to the Taj Mahal in Agra, a memory I will

cherish.

The trip was a truly enjoyable adventure, combining cultural exploration, outdoor activities, and sightseeing.
