

HARI 12 YEARS OLD

NEW CREATION GROUP - OCT'14 TO MAR'15

Hari demonstrates attitudes that are conducive to learning. Takes criticism in the right spirit. Has a good rapport with mates and diyas.

Hari has started being punctual. He participates actively in all school activities.

Also exhibits a kind, helpful and responsible behavior. He has an open mind and patiently does group tasks.

ENGLISH

The most jumpy child in this group but he is always trying to participate. He has shown improvement in his spellings and sentence construction.

Hari is more conscious of tense and punctuations while writing. His reading has improved as he doesn't try to guess words and he tries more intonation.

His hand writing is the only concern as he rarely tries to write neatly. Is good at translation. He brings interesting twists and turns to his stories. Needs to keep working on his spellings.

MATHEMATICS

Hari is currently doing Book VI. He has good interest in Math.

Sometimes he understands the concepts quickly. Once he understands, he becomes very happy and motivated to do his best.

HARI 12 YEARS OLD

NEW CREATION GROUP - OCT'14 TO MAR'15

He accepts his mistakes easily and tries to rectify it without any grumbling. But his attention span is low; he gets distracted easily.

He also forgets things quickly but makes sure he asks again and again without any hesitation. He has done the whole numbers and rational numbers.

HINDI

Hari is able to read properly but he is a slow reader. Even if he is not fond of the activity, he will do it. For example he is not fond of writing but when given an exercise or essay writing, he tries to do better than his ability. He takes lot of interest in doing grammar exercises.

NEW CREATION GROUP - OCT'14 TO MAR'15

SANSKRIT

Hari does not learn the required conjugations and declensions, wants to continually refer his book and then do sentence making.

ODIA

Hari likes a poem about "good child". He has improved speaking Odia in the last six months.

Recently he has shown interest in reading.

SCIENCE AND TECHNOLOGY

Hari does experiments and makes their model with full concentration.

He likes to make models. During the topic Nutrition in Animals he made a very beautiful 3D model on Food Chain.

On Pranjal Bhaiya's birthday some the children did a presentation on science. Hari made an electric bell using a blade, nail and an eliminated copper wire.
