Report for 2022-23 (first term)

Introduction

I am a student of Auro-Mira Vidya Mandir. I like my school. I am in Gratitude group. I am doing 10th class books of NIOS. I like to do reading, playing games and watching movies. My favourite

games are football and volleyball. I don't like to do gardening. My favourite subjects are Science, English, Social science and Maths. When I do mischief, Didi scolds me. When somebody scolds me, I get very angry and I scold them. My behaviour is very bad.

Hindi

In Hindi, we have finished first book of 10th class and started the second book. Some chapters of the book were very easy for me and some were difficult. In Hindi class, we do free reading, self-reading, do question-answers and we give tests. We do grammar. My reading and writing are good and I read stories. When I don't understand the chapter, I feel lazy and bored. In the tests, I passed in some and failed in others. My handwriting is very good. On Christmas, I sang the song "Dekho ayi hai raat Christmas ki".

English

At present, I am doing the 10th book of English and the chapter I am studying is "Shoeshine". My English teachers are Neela, Bikanti Didi, and Sangita

Didi. When I don't understand the chapter, I feel sleepy and bored. When I do question-answers, I read the chapter very nicely and answer them. In English class, I read "Amar Chitra Katha", "Panchatantra", "Fairy Tales", etc. I have passed the tests. In the class, I did some activities and presentation on noise pollution with Geetu Didi. When I make spelling mistakes, Didi corrects it. Now I have improved my handwriting and spellings and I am studying very nicely. To remove our stage fright we do drama, presentations, etc. On Sri Aurobindo's birthday, we did a play and recited a poem.

Mathematics

I am doing 7th class book of Maths and currently, I am doing the chapter on simple interest. Before this, I did chapters of integers, algebraic expression and percentage. Some chapters were very easy for me to understand, and some were difficult. Sometimes I get irritated when I am not able to solve the problem, but I like to do Maths. I take many days to finish a chapter because sometimes, I can't concentrate. In the

chapter on simple interest, I made many mistakes. My handwriting is very good. Earlier I did not like Maths but now I like it. In tests, I secured good marks like 100%, 82% and 65%.

Science

In Science, we are doing 10th class book of NIOS. In 9th class book, some chapters were easy for me and some were difficult. I passed in some chapters but failed in others. In the 9th class book, I was not able to understand the chapter of atoms and molecules, force and laws of motion.

In 10th class, I have done many chapters and in some chapter tests, I could pass and in others I could not. I understand some chapters very nicely but some I didn't understand. I make many spelling mistakes but now I am improving. Sometimes, I do question-answers without any help of Didi and Bhaiya. Earlier, I didn't like Science, but now I like to study Science because I can do many experiments.

Social Science

I have started the 2nd book of class 10th of Social science. In the previous book, I liked Geography the most because I could understand the chapters very easily and secured good marks in the tests. In History and Civics, I obtained very bad marks. In class 10th book, we have completed the second chapter. In the test from first chapter, I could not pass. My handwriting is very bad. When Didi explains, I understand it very easily.

Art

We do art and craft with Suparna di. I like drawing because I draw very nicely. Sometimes, I feel lazy and bored in art class and sometimes, I enjoy doing the art class. On the Mother's birthday, we drew the Mother's picture.

Music

In music I play the *tabla*. My *tabla* teacher is Lalu bhaiya. I play many *taals*. I remember the *taals* and play them very nicely. When I am not able to play them, I get irritated and I feel lazy. Nowadays I am learning many *taals* and practising them.

Computers

In the computers class, I do 'Typing Master'. My typing speed is 23. I have computer class every Sunday. Our computer teacher

is Lalu bhaiya. Lalu bhaiya gives me dictation and sometimes I write stories on the computer.

Yoga

Earlier, I used to do yoga and I learnt many *asanas*. I also presented yoga in the field. Ani didi used to teach me - when I did not listen, she used to scold me.

Games

In games, first I concentrate for 2 minutes. Then I do exercises and after that I take five rounds, and only then I play the games. In games I like to play football the most. I don't like to play basketball because I don't know the rules and my shooting isn't good. I like to play volleyball also because I get many passes. On Sports day, I played many games, like race, long jump, and high jump. I enjoyed it very much. I like to play games.

Shramdaan

In *Shramdaan* I do kitchen work, toilet cleaning, hostel cleaning, gardening and school cleaning. In school cleaning, I clean the school and sweep the floors. In gardening, I water the plants and take cow dung to the school. In kitchen, I cut vegetables, bring water and pour the water in the filter, and take out the utensil. In toilet cleaning, I clean the toilet,

wash the basin, and clear the dustbins. In hostel cleaning I clean the hostel, I sweep the floor and clean the drain. I like to do *Shramdaan* very much.
