

Suryodhan Gouda

April-2018 to March-2019

Date Of Birth- 20<sup>th</sup> October 2003

I appeared for my 10<sup>th</sup> exam in September - October 2018.

I tried hard to do my best in Social Science as I was not confident.

I managed to pass my exams.

❑ The following were my marks: -

English - 73

Hindi - 76

Maths - 45

Science - 62

Soc. Science - 50

Total - 61.2 %

After exams we went for a 15 days trip to Rajasthan.

We started from here on the 14<sup>th</sup> of November. We stayed overnight at Barijholi school, Rayagada.

Then after a two days journey we reached Jodhpur around on 16<sup>th</sup> at 11 PM.

Next morning we woke up and I was happy to be in a different place after a long time, because I love to explore and roam.

I am not happy just in one place. After breakfast our explorations started. We first visited Rao Jodha Rock Park.

We were told about the types of trees and plants grown there and how they were grown. It was interesting to hear the history of Rajasthan.

We explored many monuments in a short duration. We visited Jodhpur, Jaisalmer, Falna, Ranakpur, Udaipur, Chittorgarh, Gulabpura, Ajmer, Pushkar and Jaipur.

I liked the sandunes most because it was my first ride on a camel and playing in the sand dunes and watching famous dances of Rajasthan and cultural items and also songs of Rajasthan.

In Rajasthan trip, I got to know many places and religious beliefs and culture of Rajasthan. Sometimes I felt bored by roaming in the sun and I would feel very lazy and didn't pay attention to the guide when he/she were speaking of the famous fort or palaces and temple.

We also went to the cloth factory in Gulabpura.

There we saw the school which was being run by the factory. It was very interesting.

My favourite place was Jantar Mantar, Jaipur, where the ancient people used mathematical instruments. The instrument were extraordinary.

I really Enjoyed the trip.

After Exams I went for shopping for the kitchen many times and also helped to get fodder for the cows from Koraput.

In the month of December I conducted the camps held here. There was 1 camp from Hyderabad for trekking and 2 camps from MIS, Delhi. One of these for community service and the other for trekking.

I made the children from Hyderabad and the 8<sup>th</sup> children from MIS do exercises in the morning and then have breakfast and take them for treks, rock climbing, bouldering, rappelling boating, etc.

For the camp which did community service, I only helped them a little by telling them what they can teach and how they can teach.

I took them for swimming and also for trek after tiffin and got them back before meditation time. I enjoyed conducting the camp and also learnt how to guide a tourist or a traveller.

After the camps had gone, I participated in the annual sports day from 17<sup>th</sup>-19<sup>th</sup> January.

There I was given the charge of the cycling children. I helped them in learning stunts and tricks on a bicycle and also participated with the children.

In my free time I helped in the decorations of the sports ground for the programme.

I did the anchoring for the programme and also for the basketball matches.
