

SURAJ JANI

2021-22

DOB- 21st April'11

My name is Suraj Jani. I study in Auro-Mira Vidya Mandir. I am ten years old. I am in Progress group. My favourite subject is Science. I like to read fairy tales. I like to play football and swim.

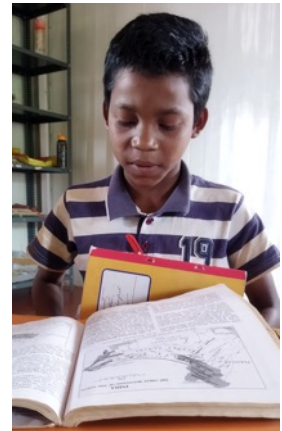

Mathematics-

I was learning with Mani didi but did not do so well. I observed that when I concentrated, I was able to go to the next page in the book quickly. I started doing mental math with Basant bhaiya. I find the topic of Measurement difficult. I am working harder than earlier because I like math and find it interesting.

English-

We study English with Bhavna di, Sangita di and Neela di. I am doing the 4th class book of Grammar. We do free reading, drama, group reading, grammar, poems and watch English movies in class I like to do free reading the most and concentrate when we read. When we do dramas then I am able to remember my dialogues quickly.

Social Science-

We do Social Science with Bhavna di, Bikanti di and Mani di. I am doing the 7th class book in Social Science. I like this class as I enjoy learning about

our past. Sometimes I do well in the test and sometimes I don't. I try to pay attention in class but get distracted by flies and lose track of what didi is teaching. I like studying these subjects.

Science-

I am doing the 4th class book in Science.

We have learnt about living and non-living things, first aid, safety rules, good homes, animals and their food habits, our planet, plants, and our body. I like to do Science class because it is easy. I liked the topic on plants and found it easy to understand. I learnt that plants give us fruits to eat, and plants are like us. When we pluck their leaves or throw stones at them to get fruits then they feel pain. When mangoes come on trees and are ready, then, the mango tree gives us the mangoes to eat.

When a small plant grows into a big tree and flowers bloom on it then it looks nice. Plants give us their branches as sticks for fire and as wood to make our homes. Plants also give us oxygen and we give them carbon dioxide.

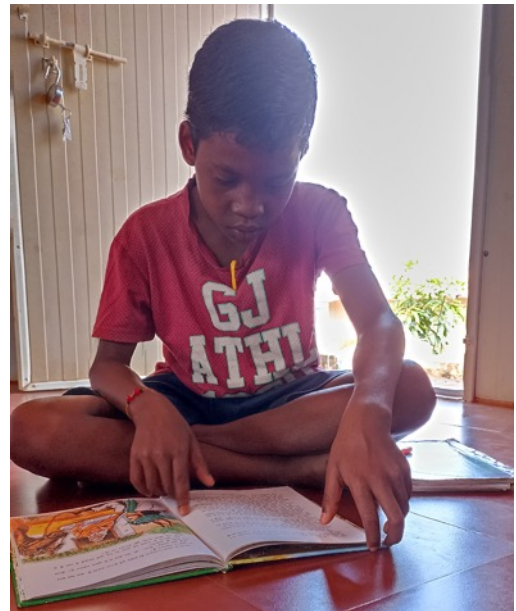

Hindi-

I like Hindi class

because it is very easy. In the 4th class whole book test, I did very well.

My handwriting is good in Hindi and I know spellings too. My Hindi teacher is Darshana didi. Didi teaches us very well and narrates stories with drama so we learn very quickly. I like to concentrate and work hard in Hindi.

Odia-

We learn Odia with Papa ji and Anuradha di. I have learnt Odia till 1st grade. In Odia class we read books and play games with cards. I find Odia easy to learn and remember. I have done well in the dictations.

Data Entry-

In data entry, I am learning the basics of typing. We do data entry with Lalu bhaiya. I like data entry because it is easy and sometimes, we can play games on the computer.

Music-

We do music with Anuradha di on Mondays. I play the harmonium and pay attention when didi teaches.

Art-

I like art because I like to draw and do craft making. We learn art with Brishti didi and Suparna didi. I try to come on time for the class.

Gardening-

We do gardening with Rohit bhaiya and Suman bhaiya. I enjoy working in the garden. I help to take the fertiliser to the garden and listen to Rohit

bhaiya.

Dance-

I do not work well in the dance class. I learn dance with Suparna didi and Swati didi. We learn both, classical and modern dance.

Celebrations-

On 15th August, we did a play on Bhagat Singh. I played the role of Lalaji.

On Janmashtami the whole group did a dance. I did my best to dance well.

On Bhaiya's birthday we did an Odia play on Monkeys, taught by Papaji and Aani didi.

On Christmas we sang a new song taught by Manisha didi and Darshana didi.

On 31st December, I told a joke about waterproof cloth with Vidur and Abhijit.

On The Mother's birthday we did a play called 'A Perforated Coin' taught by Neela didi, Bhavna didi and Sangita didi. I played the role of a narrator.

On Holi we played carom and chess. I played carom with Jagdish bhaiya, Gupto bhaiya and Vidur.

Sports-

On Sports day we did 100 metre races, long jump, and baton relay. I did well on

Sports day as I had a lot of energy. I liked the 100 m race the most. I like to do sports because, I think, when I start running then I can run fast and when I do high jumps then

my body will get light.

Games-

In games, I like to play football, volleyball, dodgeball, basekick ball and minor games. The game that I like the most is football. I

don't like basketball because everyone fights over small thing. I like to play games. Before I play, I exercise properly because I want to grow my body, my muscles, and my stamina. I listen to didi and bhaiya well.

Yoga-

We do yoga with Bhavna didi and Bina didi. I like to do Yogasanas because I want to learn stretching. We have learnt many asanas in class. I try to reach on time for class but sometimes I get late.
