

Suraj Jani

Progress Group

DOB- 21-Apr-11

Report for 2022-23 (Second Term)

I am Suraj Jani. I study in Auro-Mira Vidya Mandir. I have decided to stay at home and come to school every day. I don't participate in many of the school activities as I come from home.

Science

In science I have finished book 7th and started book 8 of Living Science. I have finished the chapters like crop production, micro-organisms,

synthetic fibres and plastics, and reproduction. Crop production and synthetic fibres were easy because I had done these in class 7th. Reproduction and micro-organisms

were a little difficult because they were new chapter, and many new

words were there to remember. I like doing a lot of experiments in the science class, like pendulum, prism, checking the temperature of cold water and hot water, etc. I try to solve the questions from the book on my own. Sometimes I don't pay attention in the class when I feel bored.

Mathematics

I am in class 6th book in mathematics. I do mathematics with Mani Didi. I like doing mathematics. Now I am doing Fractions. I can understand this chapter. When Didi teaches some new concepts then I can understand them. Sometimes when I am not interested in doing mathematics and feel bored, then I start talking to my friends. I must concentrate more in my own work and move ahead.

English

I study English from Bikanti didi, Chandrama didi and Sangita didi. We do many activities in English class like, solving grammar exercises, reading storybooks in groups, doing free reading, and watching English movies. I have

read many books like, "The Giant Peach, Harry Potter and The Philosopher's Stone" and other books. Now I am reading the second part of Harry Potter.

Hindi

Manisha Didi is my Hindi teacher. She taught me a song “Pyari raat” for Christmas. I am very interested in singing songs. Sometimes we also do plays in Hindi, and I like doing it. I love doing question and answers from the book. I write in a very good handwriting and my reading is very slow. I must improve my reading skills. I like doing free reading. Sometimes when I get bored, I disturb Manisha Didi. In tests I get good marks.
