

Sweta krisani

DOB-06-Sep-2017

Attendance-176 days out of 182 days

Report for 2024-25 (Second term)

Introduction

Sweta is seven years old. Saiti is regular to school but needs to improve in neatness and cleanliness. She enjoys attending school every day and comes with her sister or with her friends.

English

Sweta is learning the alphabets but often gets confused with similar letters like- d, b, w, and m. She recognizes some letters but needs more practise, especially with letter sounds. She finds it difficult to answer questions on stories and struggles with learning song lyrics. She has pronunciation difficulties, which affect her confidence in speaking and singing.

Project

Insects' topic

Sweta actively engaged with the insect topic by watching related videos, which helped her observe and learn about different insects. She drew insects but found it challenging. She enjoyed singing songs. She

knows some insects' names.

Shapes

Sweta is quiet in class but friendly with her peers. She enjoyed learning shape songs but needs to focus more. She takes time to pronounce longer and more complex words. She particularly enjoyed jumping in the shape maze and using Jodo straws to create different shapes.

National Symbols

Saiti enjoyed learning the lotus song and drawing national symbols. She listened to the story of the peacock and the crane and later watched the video. While she tries to answer questions, she usually remains quiet in class. She needs to be more confident and open in discussions.

Math

Sweta recognizes a few numbers but finds it difficult to write correctly. She puts in her best effort in solving subtraction and two-digit with one-digit addition. In story sums of subtraction, she is able to solve. Writing numbers remains challenging for her, she is working on it. Sweta participated in double coding abacus, but it was challenging for her, but

she put in an effort to understand. She liked playing the addition games with her friends in groups of four.

Singing and Drama

Sweta has learnt half of the alphabets properly. She is now learning to make the sounds of the alphabets. She sang an action song *jahaan jahaan mai jaun* for

21st of February. She enjoyed singing and doing

the action of the song.

Art

Saiti enjoys drawings, particularly creating different nature related artworks. She is interested in solving puzzles, she does it with concentration when working alone. However, when solving puzzles with

friends, she loses focus. In paper folding sessions, Saiti shows little interest. She finds it difficult to fold paper properly, so she observes others.

Games

Saiti is before time for games and enjoys running on the field. She is happy playing any game. Whenever she gets a break, she starts playing in the classroom.
