

Khushi Pukia

REPORT-2021-22

0Date of Birth- November 18, 2015

She joined the school a little while back but had to go back and stay at home for one and half year due to the lockdown. By the time she joined us again, she had forgotten everything. She stayed in the hostel only for a few months. Since the school has opened, she is a day boarder. Every day her grandmother brings her to school, dressed in clean clothes. She spends some time on the swings; before having her breakfast. After that, she waits near the gate for her friends. She can keep herself busy playing with small things. She is very regular in coming to school and is a very soft spoken and is a cheerful child who loves to talk to her friends.

Circle Time:

After brushing her teeth, she goes to arrange flowers if not already arranged. She is a quiet child and tries to keep the children around her quiet too. She chants all the mantras properly, though very softly. She takes less time in learning the new mantras. She loves singing songs with the actions.

She enjoys the circle time and participates actively during it. She can sing songs confidently.

Mathematics:

She loves the mathematics class. She can count till 20. Now she is learning backward counting and can recognise numbers. She is attentive in class. She can name basic shapes. Using the Rangometry kit, she can arrange the shapes into beautiful patterns.

English:

She likes to listen to stories which have large pictures. She tries to speak in English. She loves to look at picture books. She tries to create stories and can narrate them in phrases and words. She finds it difficult to pronounce words with sh, h, gh, etc. She can tell the opposite of relatively easy words like fat-thin, far-near, big-small, etc. She can name the words from the picture books.

Hindi:

She loves listening to Hindi stories. She pays attention in the class and asks questions. She can speak full sentences in Hindi. She can tell the names of different fruits, flowers, animals and birds in Hindi. Her pronunciation in Hindi is good.

Food Habits:

She always washes her hands and plate before eating. She always tries to finish the food that is on her plate. She eats all the vegetables though at times, she is a bit fussy.

She is a clean child and tries not to drop food. After finishing her food, she washes her plate and rinses her mouth properly.

Toilet Habits: - Her toilet habits are good. She can use the toilet independently. She cleans the toilet properly by herself after using it.

Skill Work:

She does all the activities in the group but takes a lot of time to finish the work. Her work is neat. Most of the time she seeks help from her friends and teachers in completing. When she fills colours in the picture book, the colouring is not very neat and goes out of the line. She likes making designs and putting beads in pattern in the thread. In cutting and pasting, she is always in a hurry to finish.

Games:

She is very active in games. She loves playing all the games. She loves to run. She also loves playing on the swings and slide. She likes to do high jump.

Programmes:

She participated in the dance performed on the song, 'Chanda Mama' on the 'Mother's Birthday' and on Christmas Day, on the song 'Jingle Bells'. She loves dancing and learns the steps fast. She also participated in the group song on Christmas. She is quite enthusiastic about taking part in all the programmes.
