

# Ani Khosla

DOB-11-Oct-14

## Report for 2022-23 (Second Term)

### Introduction

Ani has started staying in the hostel. She likes to do drawings and do puzzles. She doesn't like running. She is friendly with the children of her group. She talks politely to her friends.

She comes to school neatly and wears clean clothes. She likes to eat sweet vermicelli. She

eats most of the vegetables and sits properly while eating. She still needs to improve in sitting properly and eating food. She spills food on the floor.

### English

Ani is a very quiet girl. She sits properly in the group. She listens to the stories attentively. She has problem in pronouncing the big words. She is interested in singing songs and enjoys it. She has learnt the alphabets and recognises them. She took time in learning the alphabets. She was happy to sing the song of a b c d. When questions are asked, she answers rarely.

## Projects

### Flowers:

Ani is a playful child and is active in the group. Whenever a topic is being

discussed, she asks questions on it. She learnt the names of flowers in her locality and a few popular flowers with the spiritual names given by The Mother. She can

identify the parts of a flower- petals, stem, sepal, leaf, root. These were discussed with the help of a few diagrams. In the Ashram Garden she saw many flowers like cheerfulness, silence, service, perseverance, aspiration, hope, power. She also learnt about the medicinal values of flowers like Aparajita and hibiscus.

### My body:

Ani is interested in doing all the activities she is being taught. She always pays attention and is very happy to learn new things. She did many activities in my body topic. She was asked to name body parts but was not able to tell many and had difficulty in pronouncing the words. She was introduced to her body parts; how they help us in doing work.

She learnt the five sense organs with their importance. She made drawings of body parts and five sense organs and pinned them on the display board. Her drawings were very neat and clean. She was not able to draw some of the organs, so she was shown how to make it in a simple way. She thought out a story and told it to the class but she was not able to tell it properly. She was fast in learning the song- eyes, ears, mouth and nose and was very enthusiastic.

### The Food we eat:

She was asked questions and she was able to tell most of the answers. She is interested in doing all the activities. She concentrates in the class. She has done some activities like she drew different types of food. She

listens very carefully. She decorated her display board with beautiful drawings. She learnt about the sources of food. She learnt the main kinds of food; about good habits; meals we eat and what they are called. She only knew that she gets food

from plants, then she came to know that it also comes from animals.

## Maths

Ani likes to do maths and participates actively in every group activity. She desires to learn and does it. She likes to play addition games and has a good ability to solve two-digit with one-digit addition in less time. She concentrates while arranging numbers in ascending and descending order. She can write numbers till 100 using tens and unit place. She likes to write in her notebook. She is able to write after, before and between numbers and knows the uses of  $>$ ,  $<$  and  $=$ . She is able to mentally skip count forward and backward by 2, 3, 4, 5 and 6. Her

understanding of word problems is much better and she can make her own questions related to addition and subtraction.

## Arts

She is an active child. She is quick to pick up everything she does. Her work skills are very beautiful. She takes interest in doing all skill work. She learns

things quite fast. Her handwork is good. She works with concentration. She likes drawing and cutting pasting. In these months she has improved her colouring and drawing a lot. She is always eager to do the activities; she has made

flower, boat, double boat, swan, honeybee, tik-tok in paper folding. In cutting & pasting she made a branch with colourful leaves, and flowers to stick on the wall and made some hangings like rabbit, bird, honeybee and owl. Among all these activities she liked to make hanging rabbit. She has problem in paper folding and needs help to do the steps. When she was making a branch she painted the tree leaves with bright orange and red colour.

### Dance

She loves dancing. She has difficulty in catching the steps. But gradually she learns and teaches the other children also. She likes to do the warm-up on waka waka song. She enjoys dancing on the song.

## Puzzles

When she solves a puzzle she is very happy and eager to take another one. She can solve puzzles without any problem. She concentrates and makes the puzzle till it is not finished. Ani can solve puzzles of 500 pieces.

## Indoor games

She loves to play the indoor game- apple apple banana and captain says. She enjoys playing with her friends.

## Movies

She loves to watch the twelve dancing princesses. She also enjoyed watching snow white and the seven dwarfs. She sits properly while watching.

## Games

Before starting games she does warm-up like she takes 7-8 rounds. After running she does exercises from toe to head. She is a strong and healthy girl. She loves to play games. She

loves to run in the games period. She also loves to do exercises before playing any game. Her favourite game is ice and water, dog and the bone, chain game and Tom and Jerry. She does split and cartwheel.

## Sports Day

She had participated in the army drills in which she did some physical exercises. She did well. It was her first-time performing army drills on sports day.
