**Report for 2022-23 (Second Term)**

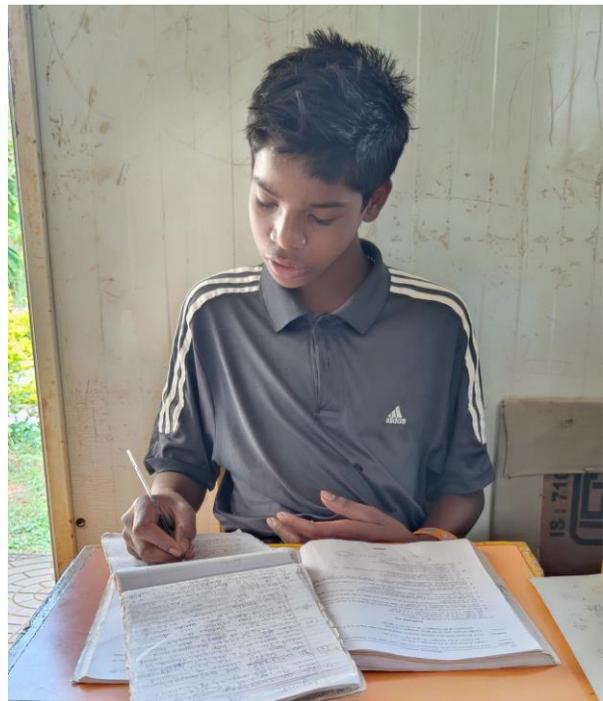

### Science

I study science from Ambika Didi. Now I am doing class 8<sup>th</sup> book of Living Science. I have finished six chapters and made diagrams of weeding, plough, seed drill, and Nitrogen Cycle. I found Crop Production chapter and Micro-organism chapter easy to understand. I have improved a lot in my writing skills. I like doing a lot of experiments and learn new things from it. After finishing every chapter, we do questions and answers from the book. I try to do on my own but if don't understand something, then I ask Didi.

### Mathematics

I study mathematics from Mani Didi. I am doing 6<sup>th</sup> book of RS Agarwal. When I do chapter wise test, then I do well. Sometimes I don't do well because I don't understand the question and I write wrong answer. Some chapters are very easy and I like so much to do the easy chapters. now I am doing area and perimeter. I must do work hard to go ahead.

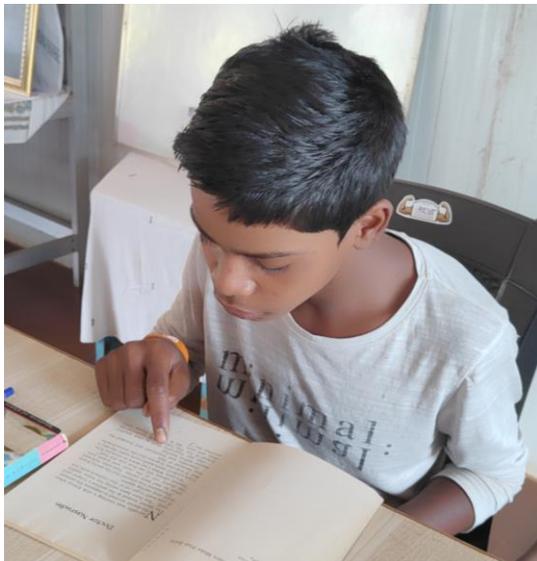

## Hindi

I study Hindi with Manisha Didi. We do grammar, group reading, free reading, dictation, and own book work. Now I'm doing class 6<sup>th</sup> book of Basant. I answer all the questions but I don't write prasang vakhya properly. I am studying well but sometimes I am unable to do anything because my friends disturb me, due to which I am not able to pay attention in the class. My reading and writing

are better. Sometimes I read storybooks issued from the library, in the class. On Christmas we learnt a song. Name of the song is "pyaari raat". I like to answer questions and to do free reading. I write in a good handwriting.

## English

Sangita didi, Bikanti didi and Chandrama didi teach me English. I learn English in many ways like group reading, free reading, dictation, grammar and solving questions from the book. Now we are reading Harry Potter novel. Sometimes we also watch English movies. My handwriting is good but when I write fast, it becomes very bad. Sometimes when I don't pay attention in the class then I feel lazy.

## Social Science

I am studying social science with Bikanti didi and Bhavna didi. I am in 8<sup>th</sup> class. Sometimes I feel lazy when I study political science. After finishing every chapter, I solve the questions given in the book. I don't get impressive marks in the tests because I don't pay attention when didi is teaching and I also don't revise properly. Sometimes I get good marks also.
