

ANNUAL REPORT 2020-2021

ABHIJIT JANI

Date of Birth- 18th November 2011

Abhijit is a sharp, active and responsible learner. In group projects he participates in all the activities with interest and concentration. He gets on with his team work and completes the work on time. He likes to listen to the presentation of others and sometimes helps others. He is always responsible towards his work. He writes neatly and draws well. He learns fast and remembers.

Earth Topic

The first day when we discussed about earth, he asked questions like- “What is

earth made up of? Why don't we fall off when the earth rotates?” He is very interested and focused and takes a part in all the activities. He found the answers from the book by himself and shared it in the group. When he first explained, he needed some more information about it and more

confidence. The second day he explained it much better than before, with diagrams. He also gave an example of boiling water when his friends asked a question “what is degree Celsius?” and he spoke very confidently. He is independent in his work. He could write the long and short answer type questions independently, without referring to the book. His handwriting is neat and beautiful. On the

topic he presented “How fast the earth moves” and about “the seasons” to Joy group. He could answer the questions that were put. He explained everything nicely with examples and by relating to nature. When he watched the video on earth, he was very attentive and could recall whatever he saw in the video and

was what had been discussed in the class. In the test on the Earth topic he got 89%.

Landforms of India

Then we studied the states and landforms of India. He has a sharp memory. He

remembered the names of all the states and union territories with their capitals in a day or two. When we were doing the states topic, he and Chandra took the north-eastern states and presented everything about the states, like capital, food, clothes, language etc. He remembered everything very well and shared in the group very confidently. For the presentation on landforms, he selected Andhra Pradesh for the presentation. While doing

the question answers on the northern plains and mountains he did it independently. During the presentation, first he explained about the landforms in India and a self-weaving story to easily remember the names of states. He explained it very clearly and confidently. For Andhra Pradesh also he did it very well. He had also made a model of Charminar with clay and showed it to the audience.

God Topic

Abhijit was interested in learning about the God. He had many questions to ask about God of which he got the answers and was happy. He learnt the poem 'God' by Sri Aurobindo very quickly, as he has a strong memory. He

had chosen the Hindu God 'Vishnu' to know about him in detail. He searched about Him and read many interesting stories about Him. He learnt

about the Dasha Avatar. He had drawn a very beautiful picture of Lord Vishnu. While presenting to all his friends, he was very confident. He told about Dasha

avatar with Vidur with a proper understanding, so that others also could follow. He also told the story of 'Dhruv' which he remembered well.

Air Topic

In this topic Abhijit was very interested because we did lots of experiments. He could understand the concept of what was happening and why it was happening. He knew the answers

to the questions that were asked during the experiment. He had some knowledge of air from before. After doing the experiments he was

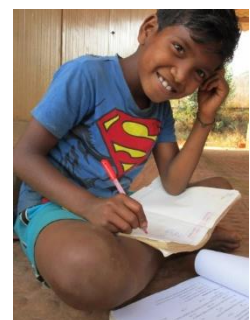

able to independently write the process stepwise. He participates while doing any activity. He had made a boat using balloon and foam. It was nice and it worked well. He made a nice chart and drawings on air pressure for the presentation. While explaining about air, he explained very nicely, giving examples. He was very confident. In the presentation he did a small experiment on air pressure. He did the experiment very nicely and confidently. He also related the concept of his experiment with others' experiments to explain. He understood the experiment and enjoyed a lot. He takes responsibilities. He was helping all his friends when they were doing experiments.

Mathematics-

Abhijit is very focused during maths class and is quite sharp. He learns quite fast and remembers. While doing Fraction, money, word problems as a group activity, he could understand and solve problems quite fast. He finished the maths book of class five in September

and gave a test on the whole book. He got 80 %. He first tries to understand the questions without asking and tries to solve them.

In October he started class six book of R.S Agarwal. In this book there are new chapters, but he concentrates while learning and learns it fast.

In January we had done the measurement chapter as a group activity. He understood everything and could solve all the questions easily. He was good in doing the measurement of objects using the instruments of measurement.

Computers-

Abhijit is doing well in computer class. He is quick to learn new things. He enjoys drawing and Typing. He has completed 4 chapters in typing master. He makes few mistakes.

Academics

Zoology-

In mid-November we started studying from textbook of class 6. We started with zoology.

He is quite excited to study from the course books.

He has a special interest in learning and remembering things taught in the class. He learns new words very fast and remembers them.

He is independent in his work. When homework is given or while doing the exercises from the book, he writes the answers in his own words. He knows how to write the answers according to the question. He works very hard in reading and remembering and learning things.

We did many practise tests and he got the following marks.

Tests obtained	total marks	marks
----------------	-------------	-------

Biodiversity	25
23.5	
Characteristics	25
19.5	
of living organisms	
Nutrition in human	30
29	
Our Environment	25
25	
Health and hygiene	30
30	

He is working harder by the day and improving.

History

Abhijit is an intelligent boy. He's doing the Social Science book of the class six. He's attentive during the class. He enjoys studying history. He can answer most of the questions asked to him. Abhijit does his homework properly, even if he refers to the book. He always tries to remember and write the answers in his own words. He does his correction work patiently after understanding the question properly. He does the question answers also properly. He has done very well in the tests of almost all the chapters of history. He has scored good marks, in fact full marks in some tests. He remembers the answers properly and also writes the answers in the tests in a neat handwriting and proper process.

English

He is a brilliant boy. In these months, he spoke in English during the class and at other times with his friends too. He

wrote his own reflections every day before the class started and shared his reflections in the group. Now he is doing the 5th grammar book and 3rd Communicate in English book. In grammar he has done some basics of nouns, singular and plural, collective nouns and adjectives. He loves playing language games such as speller, hangman, jumbled words, etc. which he plays once in a week. He participated in some plays like the play 'Ganesha' on Ganesh Chaturthi, in which he did a role of an asura, 'fish friend three', 'lalu and the squirrel'. He did the puppet show. He is good at remembering the dialogues, so he took the character of narrator. He had the most dialogues to remember but for him it was nothing. When somebody would forget the dialogues or the actions, he would give a cue. He gave ideas on how they could improve the actions in the drama. He has a clear voice, and he was confident while speaking during the performance. He has started issuing storybooks from the library and reading them. He can understand the stories which he reads. He is able narrate the story after reading. With his group he has read books like 'Kunnu the Cub' and 'Charlie and the chocolate factory'. He got questions to do from the same story and was able to write the answer. On the Mother's birthday his group had performed a play, 'hope for the flower' and he took the role of a caterpillar. On Pranjali bhaiya's birthday his group had performed a play 'the curly twirly moustache' and he had taken the role of the king.

Hindi

He has learnt how to narrate Hindi stories in sequence. Now he is doing 5th class book of Bhasha Drishti. His gets good marks in tests.

He memorises his dialogues very quickly. He enjoys learning new things. He loves reading stories and listening to stories in Hindi.

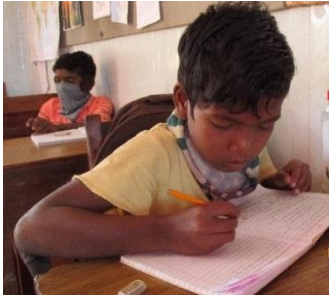

मुझे कल की पिकनिक में मुझे डोंकी सेंस खेल खेलना अच्छा लगा। वहाँ पर मैंने झोपड़ी बनाई जिसके

अंदर बैठकर खान मुझे अच्छा लगा।

Odia

Abhijit is a good learner. He reads and writes the words properly with “matras”. He has special interest in listening to stories and singing songs. He is doing well in Odia language. He is able to read, write and speak properly. He

has problem in putting ‘matra’s’ in writing and sound. He can write numbers in odia from 1 to 20. His comprehension is good. He is able to answer the questions asked by the teacher after reading stories from the book. He needs to be more alert in the class. He can memorise the songs easily and always leads the group during performances.

Painting

His drawings are good. Abhijit is good at cartoon drawing and he really takes interest. In cartoon drawing he mostly draws “Chhota Bheem”, his favourite cartoon drawings. His design and shading works can do with some improvement. Till now he has learnt Spray painting, Shading, Stippling, Potato cut design, Book marker, Design etc. In stippling he did his artwork well and he enjoyed doing it. In colouring, he likes to use sketch

pen. He listens attentively and tries to do his work well. He has really improved in drawing.

He is an active child. He always wants to do some activities. He loves doing cutting work and he can cut by himself without any help. He likes to make fun toys and play with them like aeroplane, eagle shaped aeroplane and rockets.

He needs to improve his concentration and hand-eyes

coordination. He loves drawing human figures.

Dance

Abhijit has a lot of potential in dance and with just a little effort can do very well. He performed a dance on New Year on the song 'sanedo' a folk dance of Gujarat.

Sports

Abhijit reaches on time. He is very energetic while playing football.

He also plays all the other games. He needs to work on his sportsman spirit and take winning and losing with equanimity. In football he likes to play in forward

position, and he runs a lot and enjoys himself. He enjoys doing all types of somersaults and gymnastics.
