

Subhra krisani

Dob- 03-Sep- 09

Attendance -183 days out of 183 days

Report for 2024-25 (first term)

Introduction:

My name is Shubhra Krisani, and I am 15 years old. My father's name is Laxman Krisani, and my mother's name is Purni Krisani. I study at Auro Mira Vidya Mandir, and I am currently revising for my exams, which will take place in

November 2024. I will be taking all five subjects. I focus on self-study for my preparations, covering Hindi, English, Maths, Science, and Social Science.

Hindi:

I study from the course book and focus on grammar, including topics like joining words and tenses. I also practise question-and-answer formats and take tests to reinforce my learning.

English:

I attend online classes for English with Deepika Didi, where I complete questions and submit them for checking. We solve previous years' question papers together, and I practise writing letters, reports, essays, messages, and notices.

Social Science:

I study each chapter thoroughly and complete related question-and-answer

exercises. I also solve previous years' question papers and focus on map work, studying international airways, waterways, and railways. I practise marking important geographical features like the

Himalayas and the Purvanchal ranges in India.

Science:

I read the textbook and take tests. I have completed several tests using previous

years' question papers and have achieved good marks. Currently, I take tests prepared by our teacher and do retests for revision. I also refer to various books for additional revision.

Mathematics:

I am revising both the first and second books in the afternoons. I have taken two tests and practised previous years' question papers. Additionally, I am solving multiple-choice questions from the RS Aggarwal book.

Celebrations:

On July 5th, I played the flute. On August 15th, I sang a song titled "Nikhil Jyoti Ke" and another song called "Vatan Yaad Rahega."

Sports:

Our sports activities start at 4:15 PM, beginning with a two-minute prayer. After that, we do running exercises, followed by various games. We play basketball, volleyball, and football during our games.
