

Shubhra Krisani

DOB- 3rd September 2009

Shubhra is an intelligent child and keen learner. She is extremely disciplined and responsible. She completes all her work before time and always submits for checking. She is extremely active and energetic student.

She answers the question and writes very well. She scores high marks in the class tests. She takes interest in all topics and does her work neatly. She has a good handwriting and her performance is superb. When anything has been given to her for memorising, she gets after it till she has got it.

ART

She is regular in the art class. She has a lot of interest in doing art. She is quiet during the class and concentrates on what she is making. She is a bit slow in doing some crafts like paper folding and stencil cutting.

SCIENCE

She had selected excretory system for presentation during the project on human systems. She made a chart on **excretory system** and presented it to the Humility group.

She presented very well but she did not explain the system in her own language. She memorised the chart and spoke out to the audience like a Robot. She did an activity **sink and float** during the water topic. She explained why an object floats and sinks. During the **flower** topic she had taken **raat ki rani**.

She made a drawing and wrote a beautiful poem.

ENGLISH

I have read books from the library like Ulysses, Narnia, The naughty squirrels, Dracula, etc. During group reading we read Kunnu the cub, Charlie and the Chocolate Factory and George and the marvellous medicine. I liked the story of Kunnu the cub most. My reading speed is good but sometimes I make mistakes in reading. My pronunciation is good but sometimes I cannot pronounce the big words. In comprehension I can understand but in case I can't then I ask my English teacher. When my teacher gives a topic to write then I am able to think and write it by myself. In English class I speak in English. My handwriting is good. I am doing pathways 6 book for comprehension. In questions answers, if I find it difficult to do, I ask my teacher. In dictionary work I find it very easy to find the words but when I can't then I copy from my friends. The language game that I like to play in the language class is word safari.

SOCIAL SCIENCE

I can do the question answers myself. In History I am learning about the early kingdoms, I liked learning about the early human beings. In tests I am able to get good marks. I have studied geography. What I liked the most was climate, natural vegetation and wildlife. It took me a little time to cover the course. In the library I looked for the History of Pandyas and collected information and explained in the class to my friends.

HINDI

She has completed Bhasha drishti 5th class book and 4th grammar book. Now she is doing 5th class grammar book and 6th class textbook- basant bhag-1. She makes few mistakes in writing. She writes fast and her handwriting is good. She reads stories quickly and by reading she understands it. In poems she needs explanations.

Sports

She is good at basketball and makes an effort to play her best. She is cheerful while playing basketball. She plays many games and enjoys with her friends. She puts in her best effort. Her temperament is calm and quiet.

COMPUTER

Shubhra sits nicely in the class. She likes to do different things in Paint. She made lots of drawing using different options in Paint. She also saves her painting in her folder. She enjoys typing. She likes to type her stories in MS word. She also likes to type stories from books.

Odiya

Shubhra is a cheerful girl. She can read, write and understand the passages. Her handwriting is beautiful.

Project

I learnt a native Australian song 'wanjoo' and 'see you later alligator'.

I made the Australian map with Ruth Didi. I also played a coin game.

ART

Shubhra waits very patiently for everything and sits quietly. When she has got the work, then she concentrates in her own work and does it quietly. If she needs any material, she does not fight with other children and instead, gets another from the shelf and does her work. Her works are very beautiful and neat.

My sport day

My sports corner was pyramid. The physical abilities which I improved are balancing, strength and stamina. I participated in my sport day by helping the progress group children while climbing on older children's back and helping them to balance on their shoulders. I had to carry children on my shoulder and sitting in lion pose, carrying other children one on the other. My sports day was very good. I did the physical demonstration at my best level.
