

Chhaya Muduli

DOB- 28-Feb-11

Report for 2022-23 (first term)

My name is Chhaya. I study in Auro-Mira Vidya Mandir. I like my school very much. I am 11 years old.

Social Science

In Social Science we are studying from the 7th class book. We have completed 11 chapters of History from the book. I enjoyed studying History as it was very interesting, and also easy for me to understand. Now we are doing Geography and Civics. In Geography, we have completed 3 chapters- "Physical Environment", "Natural Vegetation" and two chapters of "Human Environment". I like to study Geography. We have also completed 3 chapters of Civics. I find it difficult to understand Civics. Therefore, I don't enjoy it as much as I enjoy studying Geography and History. In Social Science class, we sometimes watch videos related to the chapter. It helps me to learn more about the chapter and understand better. We also read Amar Chitra Kathas on some days during the class. It gives us more information about the History. I concentrate in the class but sometimes I feel bored. I do the question answers correctly and write in good handwriting. I have done well in the tests of the chapters from History and Geography.

English

In English class, we are doing Broadway 5 book. It is very easy for me to understand and do the question-answers of this book. In grammar I am doing the class 5 book. Grammar is very difficult for me to understand, and I don't like to do grammar. We also do free reading and I like to do free reading. I don't like to do group reading because everybody else reads

very slowly. I like to take dictations. We also read on Kindle. We read the novel 'The Great Glass Elevator' on Kindle - the story was very interesting. I like to read on Kindle.

Hindi

In Hindi, I am doing *Vasant bhag-1* book. It is very easy for me to understand, and I like to study this book. In grammar, I am doing class 6 book. It is very difficult for me to understand grammar. I don't like to do grammar. We also do free reading. I like to do free reading. We had done a play in Hindi named "God". I had taken up the role of a slave in the play. The dialogues were very easy for me to remember. I liked doing the play very much. I concentrate well in the class but sometimes, when I feel bored then I don't concentrate properly.

Odia

In Odia class we are doing class 1 book. In the class, we sometime practise speaking Odia. I like to do Odia class. In Odia class we also do free reading, and I like to do free reading. I am able to write Odia but not very properly. I have to improve my handwriting in Odia. I am able to speak Odia but not fluently. We also hear stories and I like to hear stories. I concentrate in the class but sometimes I get distracted. On 15th August, we sang an Odia song, which was very difficult for me to remember.

Maths

In Maths, I have completed the class 6th book. Now I am revising it for the test. In this book, 'ratio proportion', 'algebraic expression', 'simplification' and 'integers' were the difficult chapters. The word problems of linear equation were difficult for me too, but somehow, I completed it with the help of Didi. The chapters on fractions, decimals, line segment, etc. were easy for me. We do the Maths class for two hours in a day it helps me to do more Maths. I need to practise the difficult chapters more. I concentrate in the class but sometimes I get distracted by other children. I can understand most of the chapters easily, but sometimes when I don't understand I don't even ask Didi. I need to concentrate better in class and ask Didi my doubts.

Science

In Science, we are studying Physics. We have done chapters on "Acids and base", "Light", "Force" and "Electricity". In the "Acid, base and salt" chapter, we did many experiments. We checked the materials with the help of litmus paper- whether it is acid or base. We had brought many materials like soap, vinegar, detergent powder and also many fruits for the experiment. We also gave a test from the chapter. The test

was very easy for me. After this, we did the "Light" chapter. In this chapter, we learnt about light, shadow, reflection etc. I learnt many new things from this chapter. We did many experiments in this chapter. We made telescope, periscope, kaleidoscope etc. We made a rainbow with the prism. We also proved that light travels in a straight line. In the test of this chapter, I secured 21.5 marks out of 25. After

the chapter on light, we did the "Electricity" chapter. In this also, we did many activities, and I liked it very much. We made the electric

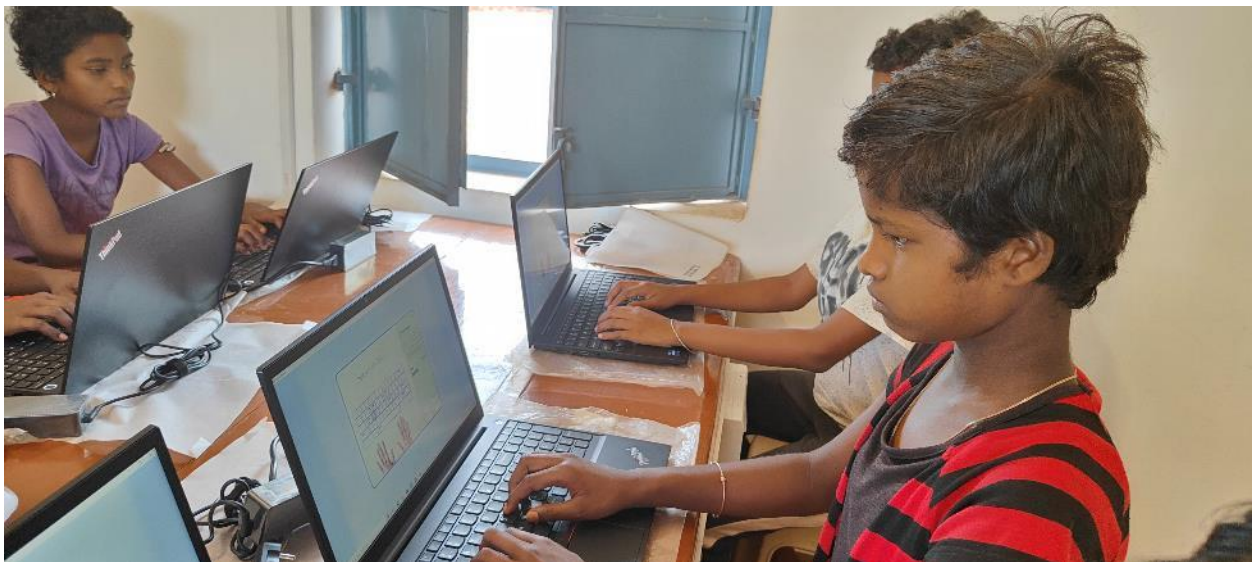

circuit, electromagnet etc. It was very difficult for me to make the things, but still I liked it very much. The test

was again very easy for me to do and I obtained 22 out of 25 marks. Now we are doing the chapter on motion. We did an activity from this chapter - we filled a balloon with hydrogen gas and we let it fly and it was flying. It is very easy for me to do numerical problems.

Computers

In computer class, we do typing and painting. I like to do 3D painting. I like to do typing but sometimes when I feel bored, I don't like computer class. We practise typing every Monday but I have not learnt typing. I need to practise typing more. I like to play typing games. I like the computer class very much.

Art

In the art class, we do paintings and crafts. We have made many hangings and drawings in art class. I like to do painting, especially with oil pastel colour. It is very difficult for me to do paper folding. I don't like to do paper folding. We made two flower wall hangings for decorations. We also made flowers with clay and it was fun making it. I like to do art class.

Dance

In dance class, we are currently learning a fun dance. It is very easy for me to learn the steps. We had learnt Dura dance from Denis bhaiya of Delhi, we also learnt a formation on the poem 'Krishna' written by Sri Aurobindo it was very easy for me to learn it. In dance I like to do fun dance the most. I don't like to do formations. We have also learnt "what do you mean" dance and also "monkey dance".

Music

In music class, I play the flute. In flute, I like to play songs and do the exercises. I am able to play the flute properly and I like to play flute very much. I also play flute on the stage during celebrations. Now I am learning Raag Yaman - it is very easy for me to play and remember it.

Yoga

In yoga class, we do many postures. My favourite yoga postures are all sitting postures. We do head stand, camel pose etc. I don't like to do camel pose because my back pains while doing it. I like to do yoga but sometimes I get late for the class.

Games

I like to play games - we play volleyball, football, basketball etc. My favourite game is football. I don't like to play basketball because a few children fight in the game. Now I am learning how to play volleyball. It is very easy for me to do serving in the game. Before games, I do the exercises.

Shramdaan

In *shramdaan*, we do gardening every Thursday. We take out weeds, do digging, water the plants. I like to take out weeds, but I don't like to dig. On rainy days, I don't like to do gardening and sometimes we don't do gardening when it rains. I like to do gardening overall.

School Trip

We started our journey on the school trip on 17th August. We first went to Simhachalam, and the temple was very beautiful. I liked the temple. After that we went to Kanyakumari. In Kanyakumari we saw the memorial of Swami Vivekananda and Gandhiji. In Gandhi memorial, we saw a hole from where the sunlight comes in. I liked it very much. We went to rock memorial of Vivekananda by boat. We also saw the temple of goddesses in Kanyakumari. We stayed at Kanyakumari for two days. After that we went to Madurai. There we saw the

Meenakshi temple. Our next stop was Rameswaram – there, we saw in the temple- a rock that floats. We also saw Rameswaram temple. I liked this temple. Finally, we went to Pondicherry, and we saw the room of Sri Aurobindo. We also saw the samadhi and meditation hall. I liked it very much. We saw Matri Mandir in Auroville and it was very beautiful. From Pondicherry, we came back to Kechla.
