## Report for 2024-25(first term)

### SOCIAL SCIENCE

I learn social science very nicely, but I don't always have my interest in it. When I learnt the major domains of the Earth, I was able to understand the chapter very well. After finishing the chapter, I made sure to get my notebook checked.

While studying the Indian political division, I was able to do the questions and answers for that chapter because I understood it very well. Now, I am studying Indian physical features. I am giving my interest, but I was not able to do the exercise.

My class starts at 11:30 and ends at 12:30. I always come at the right time for my class.

**YOGA** I start my yoga class at 6:00 and end it at 6:30. I always go for yoga class to make my body flexible. I do many poses such as Dhanurasana, Swan Pose, etc.

I do yoga class with Bina didi. My body is very flexible, and I do yoga properly with guidance. I always focus during yoga. I arrive at 6:00 to start my practise. I always do the exercises properly; my didis or friends motivate me to do them.

## SHRAMDAAN

I do shramdaan with many didis.

From all the shramdaan, I like to clean the school. I enjoy sweeping the floor and doing school cleaning with Hari bhaiya. However, I don't like to work in the kitchen because I don't enjoy bringing water from the handpump.

I like to clean the girls' hostel where I live.

## SCIENCE

I am in class 7, and I started this book on 30.5.2024. When I am in science class with and I don't understand something, I ask to be explained again.

When I work on my textbook, I always complete my assignments before class. If I don't understand any part of the book, I ask my science teacher to explain the sentences or words. I also ask my teacher to tell me the interesting parts of the subject.

This is my best subject. I mostly understand the chapters when taught with diagrams. When I am taught any chapter, I read the same chapter again to remember. I did experiments such as ball and ring, and I was able to understand the experiment.

On 13<sup>th</sup> August, I did an experiment with my partner Karishma. I was able to explain the experiment clearly

because I understood the chapter very well. My experience was great, and I was able to speak every word clearly. My experiment was titled "White Light."

### **SATSANG**

At 6:15 PM, I start my satsang and end it at 7:00. On Wednesdays, I learn to sing songs, but I don't like when new songs are introduced. I like to sing the old songs. When I sing, I feel emotional and sometimes cry because of my feelings.

On Thursdays, I do satsang with Sangita didi. I learn Gita mantras and sing Hanuman Chalisa. When I sing songs from the Gita, I sing very loudly. I try to sing the difficult words. I always sit properly and concentrate. I don't create any disturbances or play with any objects, and mostly I focus very well.

### **ODIA**

When I attend Odia class, I always give my full concentration. When didi asks me questions, I always do my best to answer. Didi also teaches me how to read difficult words.

Now, I am using the class 5 book in Odia. Some words are challenging for me, so I ask didi to help me understand the letters.

When I take dictation, I get very low marks because I don't pay attention in class.

My handwriting in Odia is very poor. When we don't speak the Odia language properly, didi shows us movies to help us learn the language.

### **MUSIC**

I play the tabla with my classmates. I have learnt some basic beats with my classmates, such as:

1. Jhaptal
2. Dhadratal

Whenever I don't understand how to play the taals, I ask my teacher to demonstrate. I always arrive on time for class, which starts at 6:15 and ends at 7:00. I always ask my teacher to help me understand the taals properly.

I play the tabla properly and don't get angry while playing, even when some children do. I remain calm while playing.

## HINDI

I start my Hindi class at 8:30 and end it at 9:30 AM. When I do free reading, I always focus on the book and read properly. I also participate in group reading, and if I don't understand any word or sentence, I ask didi.

I also do my homework and get it checked. I have very good handwriting. I love attending Hindi class because it is one of my favourite subjects.

## MATHS

When I started the 6<sup>th</sup> book, I felt very nervous. When I did the first chapter of my book, I was able to complete it because it was just the beginning. I always get my notebook checked.

Sometimes I feel bored doing maths because I don't like to think too much. When I took the test for my first chapter, I scored 12 out of 25. I didn't take a retest.

When I took the test for chapter 2, I scored 7 out of 25 because I didn't understand the questions. When I took the retest, I scored better.

## CELEBRATIONS

**July 5<sup>th</sup>:** I performed a Bharatnatyam dance. I did it very well because I practised for 15 days. I learnt this dance from my dance teacher, Suparna didi. I performed confidently because I was in my school and on the stage with my classmates watching.

**July 7<sup>th</sup>:** I performed the same dance. I was able to do it again during the Rath Yatra celebration. I was very happy to celebrate it because many people came to watch the Rath Yatra. I pulled the Rath and admired the idols that were placed on it. I pulled it all the way to the boys' hostel. On that same day, I took a bath and went to school to help arrange the Rath.

**July 10<sup>th</sup>:** I performed in a drama at 5:30 PM. This drama was taught by Srinath bhaiya and Sangita didi. I performed well because I learnt the drama properly. I love dancing, but earlier I was more confident because I was younger then. I was happy with myself because I delivered my dialogues correctly. I was not able to sing the song of Brahma Dev because I didn't learn it properly, but I tried my best. I played the role of the tortoise.

**August 15<sup>th</sup>:** I performed a dance. I liked this dance because it was very beautiful. I was able to perform well, but I feel I'm not as good now.

**August 19<sup>th</sup>:** I celebrated Raksha Bandhan. I told the story of Sachi and Indra. I was not scared

while telling the story, and everyone liked it because I spoke each word clearly. I tied a Rakhi on my brother Deepak and made him eat ladoos.

**August 26<sup>th</sup>:** I sang a song about Krishna. I performed it very well. The song was taught by Shantanu da. I liked the Hari-Hari song the most, and I knew the song completely. When I was learning it, I sang it properly and was very interested.

When I do free readings, I pay attention while reading. If I don't understand any words or sentences, I ask my teachers for clarification.

When I work on grammar, I always get my notebook checked from my English teacher. I have learnt many things such as nouns, pronouns, adjectives, articles, etc. When Sangita didi checks my notebook, she reviews it and corrects the answers.

On Mondays or Sundays, we watch movies, and I also write stories based on the movies I've watched. My teachers show me films from which I can learn valuable lessons. I have watched many movies, such as *Matilda*, *The Little Pigs in the Garden*, *Genius*, and others.

In my free readings, I have explored many books, including *The Glass Cracks from Side to Side*, *The Foolish Girl*, *The Jungle Book*, *Lila*, *Tommy Paints the Door*, *Bina the Genius Girl in Australia*, and my favourite book, *Malala*. Now, I am reading *Charlotte's Web*.
