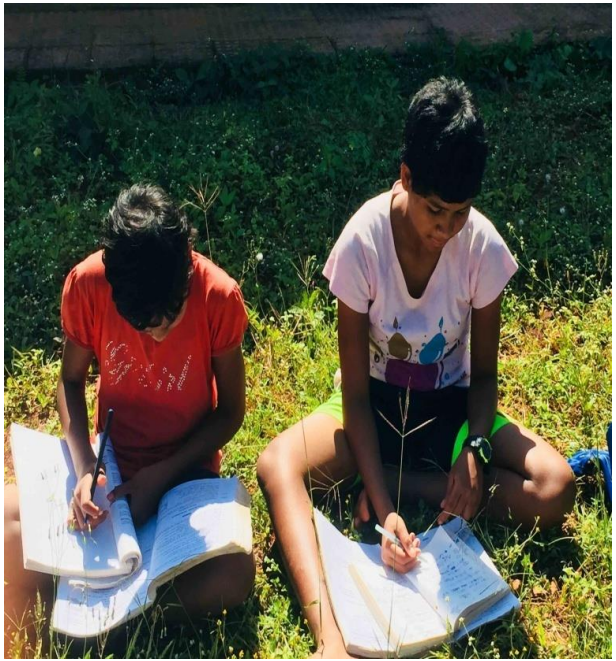
Maina Krisani

Date of Birth - 22nd April 2007

April 2018 - March 2019

❑ Science

I learnt the chapters crop production, microorganism, conservation of forests and wildlife, cellular level of organism and sound.



I can remember a lot and my favourite chapter is sound.

I am interested in science now. I like doing experiments. I am doing class 8th book.

❑ I learnt

- Crop plants
- Methods of crop production
- Nitrogen cycle In microorganism
- Shapes of bacteria, structure of algae and useful and harmful algae.
- Protozoa
- Fungi
- Viruses

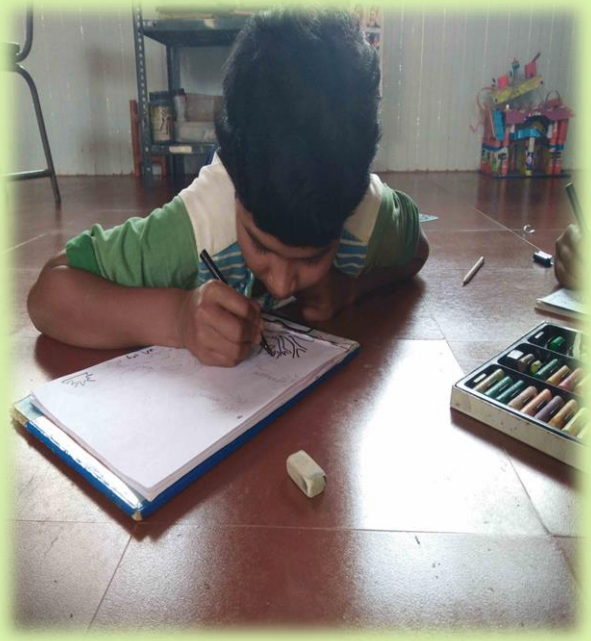
❑ In physics I have done

- Force and pressure
- Types of forces and its effect
- The force of friction and the way in which it affects us.
- Pressure and its application in our daily life.
- Atmospheric pressure
- Sound
- Functioning of our ear
- Reflection of sound and its application.

❑ Hindi

I am doing grammar from Basant book 7th.

I have learnt dialogue writing, essay writing, joining, synonyms, antonyms, suffix, prefix, pronoun, noun, adjective, letter writing, paragraph writing and passage writing.



I like joining nouns, pronouns, adjective and verb the most.

I have improved reading and writing and have started readings books a lot.

I like Hindi class especially listening stories from the teachers.

I like to translate English stories to Hindi's have to improve my writing speed and handwriting.

I don't like to do unseen passages and poems.

❑ Mathematics

1. Integers
2. Fractions
3. Decimals
4. Rational numbers
5. Exponents
6. Algebraic expression
7. Linear equation

And I am doing simple interest. I like doing fractions the most. I need help with word problems and remembering the formulas.

I need lots of help in algebraic expression, linear equations and exponents.

❑ Social Science

I like social science class. I take lot of interest in history, mostly of m odern period.

I normally perform well in the tests. I find it a little tough to remember the dates. I have improved a lot and have started writing in points.

❑ English

I like English because I can read fast and write fast but I make silly mi stakes in spellings and sometimes pronunciations.

I like nouns and pronoun and genders the most in grammar.

I need help with adjective, adverb and letter writing.
I love reading stories and comics.

I am doing class 8th book in grammar. I also like writing stories I my own words.

❑ Odia

I don't like Odia class but I can read Odia stories fast and can write correctly. My hand writing is good. Sometimes I feel bored, mostly when the teacher teaches us grammar. I like playing Odia games in class.

❑ Dance

I like dance class but I don't like classical dance.

I like fast dance but I cannot do it nicely.

❑ Music

I like to play guitar in music class. I have just started learning guitar. I can play many song son the guitar.

❑ Games

I like to play basketball, football and minor games. I don't like to play volleyball. I can run fast and have stamina.

❑ Yoga

In yoga my body is not flexible. But I can still do most of the asanas.

❑ Exercise

I like running. In exercise I like side setup and push up. I can do push up 5 times and sit-up 50 times.

❑ Computer

My typing speed is not very fast. I like typing and painting on computer.

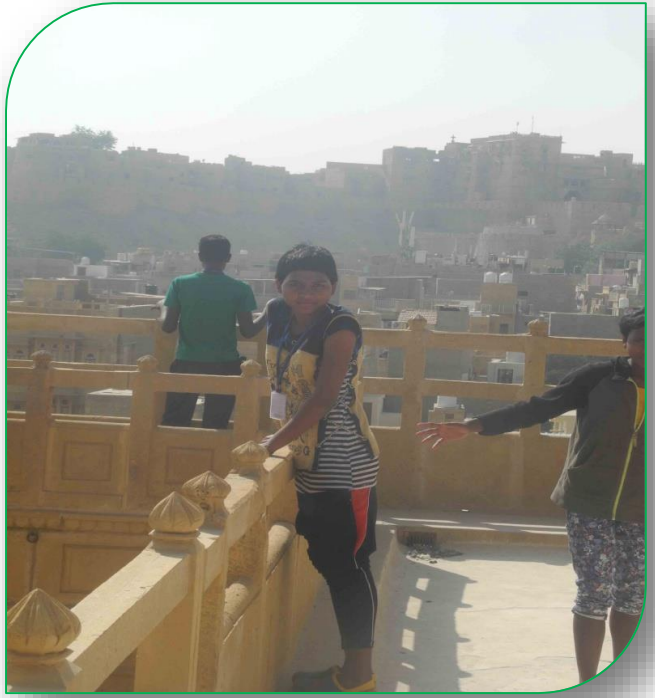
❑ Shramdaan

I like to do Shramdaan. In Shramdaan I like to do music. Sometime I don't like to do toilet cleaning, gardening and kitchen.

I didn't liked this trip very much because it was very hot in Rajasthan.

I liked camel riding but was scared. But I still enjoyed it.

I like to see the temples which were carved nicely and beautifully.



Written By Teachers...!

Art, Music & Dance

She did a good drawing of Ganesh ji on Ganesh chaturthi In music class she plays flute with interest. These days she has started learning Spanish Guitar.

In flute class she does not seem to be active in a big group but in a small group she is very active and tries to do her best. Her blowing is good but she needs a lot of effort to play the Komal notes on the flute.

In the month of September she attended music workshop where she has learnt the basics of Spanish Guitar and is still continuing the practise. She joined the orchestra too.

❑ Social Science

She has improved in her studies and is very fond of the subject. Her writing scheme has improved and she is able to memorize dates. She found geography a little difficult.

In Map work she can locate the given places correctly. She finishes question answers on time and gives for checking.

❑ Mathematics

She is a very careful and hardworking child. Sometimes she feels lazy and stops studying.

She can do the tests correctly but can't do in steps.

❑ English

Maina has improved in English. She can read books on her own but teachers have to correct her. She has to improve her handwriting and spellings.

She doesn't talk in English. She is slow in reading but tries. She has learnt letter writing but is not clear in it. She had learnt note making for her test.

She had to read a story and tell it in the class. She was able to narrate but was making mistakes. Books read by her this year-

- The book of fairies
- Good old secret seven
- Folk tales with values from nearby lands
- Winnie the twit

❑ Hindi

She is a soft natured child, talks when needed and is always calm. She likes to read fairy tales.

Makes spelling mistakes in dictation.

She is good at explaining things and writing on that.

Her Handwriting and speed are also fine.

❑ Science

She was regular during the science class. She did many topics like Pressure and Force, Sound, Light, Plants and Stars and Pollution.

She remains silent in group discussion. She was interested in doing activity and experiments.

Through the topic “light” she learnt about the uses of lenses, uses of mirrors, basis colour of paint, basis colour of light, how rainbow is formed?
She made a colour wheel.

She managed to get all the short answers correctly and attempted the long questions.
