

Kamli Krisani

Report For 2022-23 (first term)

Date of Birth- 9th December 2001

I am a student of Faith group.

We are the oldest students of the school.

This year I

would be completing my B.A (Hons.) in History and would like to join B.Ed next year.

Shramdaan-

I go for shramdaan at 6:30 am. My duty changes after every month. Not

only do I work myself, but also oversee the younger students. In the last six months I had my gardening, school cleaning and kitchen duty. I like doing kitchen shramdaan very much. When we have kitchen shramdaan, I go to the kitchen at 6:00 clock and cut vegetables.

Academics-

In March I had appeared for my exams in some of the subjects. The following were my marks: -

Understanding
Drama (BEGE107)-

58%

Modern Europe (BHIE107)- 49%

Teaching Strategies (CTE3)- 35%

Teaching English-Elementary School (CTE4)- 55%

Foundation Course in Science &
Tech. (FST1)- 37%

The marks which I got in these subjects are not so good. I have to improve and work harder. In EHI-05 (History of India from 18th to mid 19th Century). I had difficulty in studying and therefore I gave EHI-5 in August. This time I worked a little harder than before. The result will be declared in October.

I did not participate in any of the programmes. But I took initiative in decoration of the stage for

all the festivals like Raksha Bandhan, Ganesh Chaturthi, Independence Day. I enjoyed doing decorations with my friends.

Volunteering

As I have to decide what I would like to do in life, I have started volunteering in my school, by teaching younger children. I go to the following

groups to assist.

8:30- 9:30 English class with Grace group

9:30- 10:30 English with Victory group

11:30-12: 30 Home Science class with

10th class children (Humility)

2:30- 3:30 Drama and Dance with Victory group

I enjoy working with the children very much.

Games

I have games turn with the younger groups on Friday. I make the children do exercises and play games. Our games time is after the younger children go back to the hostel. I

really enjoy playing basketball

and everyone tells me that I am very good at it. I was not going to play basketball for some days because of the rains. But now I am regular. I go to play with my friends. I work hard, try to improve all the time and really enjoy myself.
