Darshana Gouda

Date of Birth- 26th June 2002

April 2018 - March 2019

Darshana Gouda

I studied Data Entry operations for my twelfth on my own for my exams in the month of October’18.

I studied the theory myself, and Ganesh Bhaiya helped me with the practical's. In the practical's ther e were 10 exercises and it was compulsory to do all and I did them.

I had worked hard to appear for the exams in Octob er. Before I gave the exam, I solved many previous years’ question papers. And I tried my best in the studies.

My last exam is Environment Science and I will be appearing in April 2019.

When my exam were over, we went for a trip to Rajasthan. There we went to lots of places in a very short time.

I did not like some places where we stayed, but I liked the other activities like sightseeing, camel riding, trekking, etc.

My favourite activity was roaming on the Sam sand dunes and the camel ride.

And I also liked Jodhpur and there we went to the rock park. It was quite good. In sports I play basketball.

Darshana Gouda

I am with the younger children for a few hours everyday.

I help them in their studies. I work hard with the children when I am in the class.

I like to spend time with the children.
