Child's individuality:

Chandra is very good child with a sharp mind. He is a regular child. He sits quietly in the group.

He learns everything with concentration. He also catches very quickly, whatever he is taught in the group. He is a very quiet boy. The behaviour of Chandra is very good.

He is good with everyone.

Chanting:

At chanting time he sits properly and sings sweetly and his words are very clear. He likes to sing with action.

Story telling:

He likes to hear stories with action and also with puppet show. He likes stories of children and the animals and birds. He likes to listen stories in Hindi.

When stories are long he likes to understand them through a puppet show, which he likes and he makes pictures of the puppets.

Project:

While learning the different theories of environment science, he listens carefully what the Diya's teach and remembers with concentration.

In **plants** topic**,** he told how plants help us to breathe, gives us food and how we should take care of the plants.

Chandra was much interested in **insect** topic. He was excited to study about the insects and was always searching and observing them.

He performed some small plays about the insects in the assembly hall. His confidence level was very good while saying the dialogues in the play and telling about the insects.

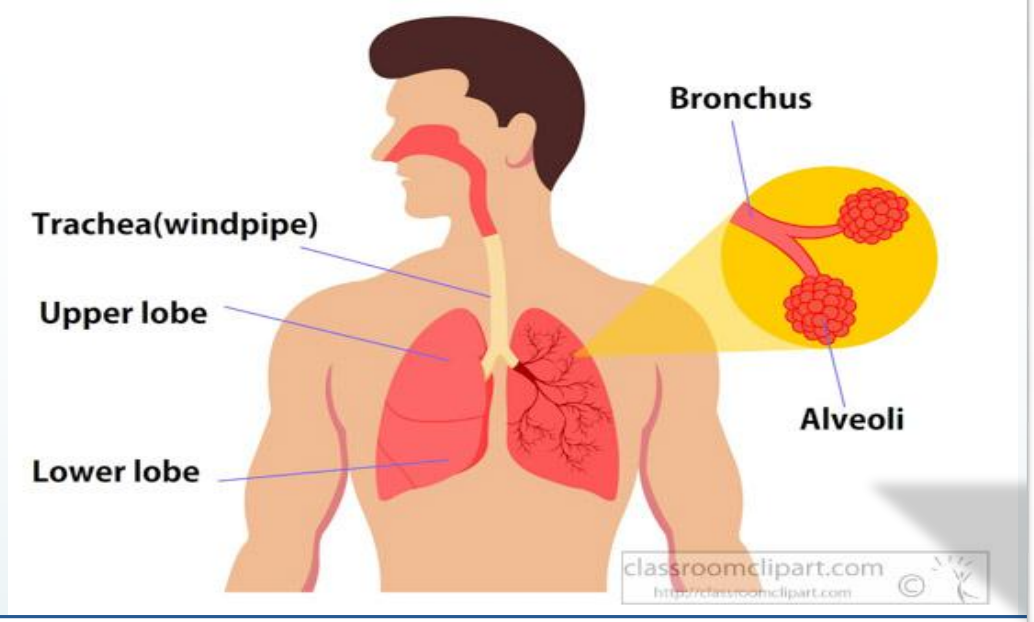
He made a beautiful drawing of an **early man** during this topic. He attended the class of the invention of wheel, names of transport, means of transport, transport used in rural to urban, fast and slow transports, food for transport, parts of a cycle and how it works.

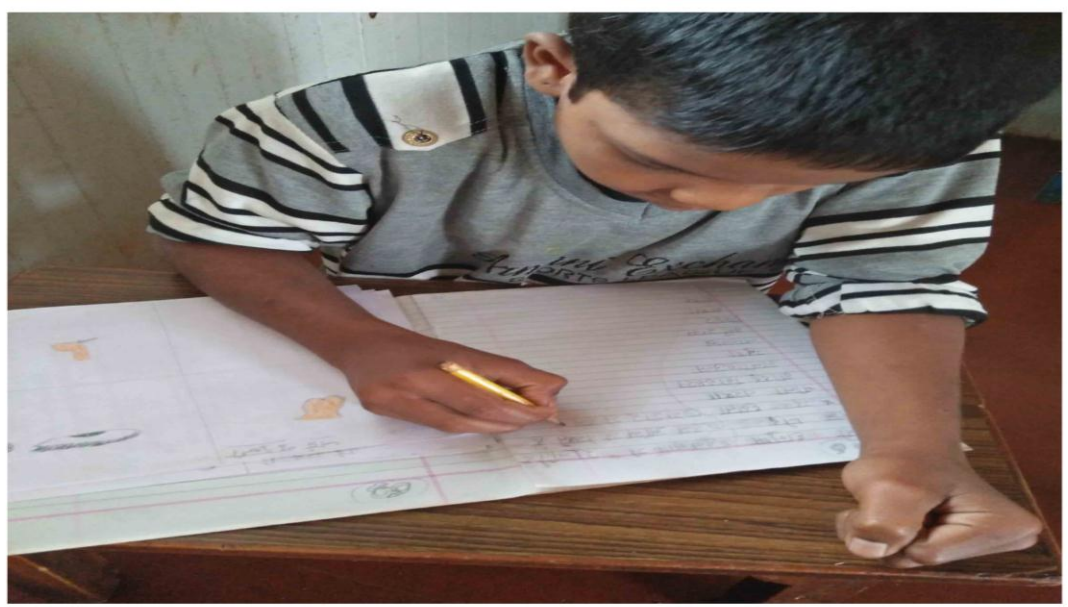
In **India** topic, he learnt the names of different states and their capitals. He knew the name of neighbouring countries of India, rivers, dances and languages of India.

He picked up the new words with ease. While playing quiz games on India, he replied quickly.

He also studied about the festivals celebrated in India by different religion, states and nationally and reasons behind them.

In **solar system**, he was eager to know about names of planets. He knew basic facts and information about the planets and remembered well.





In **human body** topic, he studied about the internal as well as external parts of our body. He also tried to understand the functions and parts of different systems of our body. He could share the system of body in his own language in front of his friends.

In animal topic, he got to know about the classification of animals based on eating habit as well as their habitat. He could find out the difference between omnivorous, carnivorous, herbivorous etc. He enjoyed making stories and using puppets in storytelling a lot.

In **celebration** topic, He was very curious to listen to the stories of the freedom fighters. He was happy to hear about Chandra Shekhar Azad, a great freedom fighter. He performed the song of Bhagat Singh with action. He remembered the whole song nicely. On Janmashtami, he had the character of King Kansa in Bakasur play and delivered his dialogues confidently.

On Ganesh Chaturthi, he had the role of Shiv ji. He is always alert while performing his role. On Raksha bandhan, he was happy to tie Rakhi on an older child.

On Christmas, he learnt a song and participated in play called “The Baby Wake Up the Sun” and took the role of pig.

On Mother’s birthday, he acted as a narrator, with confidence he told his dialogues

Skill work:

He has a good hand at drawing. He can do so many things with concentration.
He has a very good colour sense. He likes to draw nature like forest, river, trees etc.
