Chandrika Muduli

April 2018 – March2019

Date of Birth- 27th Dec, 2012

About Herself

Chandrika has three siblings- an elder sister, a younger brother and a baby sister. Her mother often makes her stay back at home to take care of her little sister or do house work. No amounts of explaining and entreaties have made a difference.

Chandrika lost her father this year in February. He was about 30 years old and his passing away was sudden and came as a shock to the whole family. It is to be seen whether Chandrika will come back to school or not.

Chandrika is a very strong girl and a hard worker, but she does not have any helpful friends.

Music & songs:

When we start circle time and chanting, she does not sit properly.

Whatever song we sing, she sits very quietly and fidgets with her clothes.

Topic:

She is a very smart girl but she doesn't come regularly to school, that's why her topic related activities are not good.

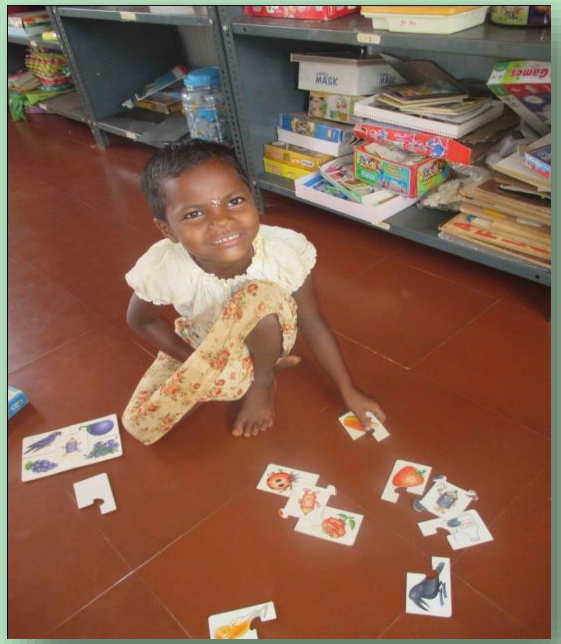
When we do some activities related to the topic, she is not interested and sits like an innocent girl. When didi asks her any question, then she sits quietly.

She knows a little bit of topic related activities and also the basics like family members' names, trees' names, five senses but not clearly in English. She always speaks in Hindi.

If didi's ask her speak in English, she does not talk.

Art & craft:

She does not like paper folding but is interested in cutting, pasting, etc.



Math:

Chandrika has come to school irregularly , therefore she can't do much in math.

She is only able to count up to 20.

She has learnt addition and can answer with objects and mentally.

English:

She doesn’t try speaking in English. She doesn’t speak the words clearly but mumbles. Didis taught the “invitation poem” for Sri Aurobindo's birthday.

When didis ask her to tell the animals and vegetables names, she always tells in Hindi. She tries to sing the “a,b,c,d song”.

She stammers while answering and when didis speaks in English, then some sentences she can’t understand.

Hindi:

She takes more time than the class.

So she has only learnt the first letter of her own name.

She can’t speak a Hindi sentence clearly.

Celebrations:

She participated in very few programmes. On school's birthday and Ganesh puja she sang, but it was more like a murmur.

We have done many school functions; she is interested in them but always takes holidays and misses functions.

She likes to wear costumes.

When we did one colour play in English, her character was orange fox. She acted very nicely, just like a reay fox and took out the sound of a fox.

Games & Sports:

Running and jumping she is very good at but at obstacle races she is not good.

Her favorite game is net and fish. She took many holidays, but when she came to school she enjoyed all activities.

Her stamina is very good.
