

# Anuraj Jani

**DOB-10-Jun-15**

## **Report for 2022-23 (first term)**

### *English*

Anuraj is a very keen child. He likes to listen to stories. He can also understand the stories narrated in class. He tries to speak

in English. He likes to sing. He is interested in learning new songs. He can pronounce most of the words but some of the words he has difficulty in speaking. To learn The God poem it was easy but some of the words like pervadest were difficult for him to pronounce. On 5<sup>th</sup> July, he did the role of the baby bear in the play-Goldilocks. He was shy to do the acting. He remembered the dialogues quickly. He was earlier given the role of Narad. It was difficult for him to do the role of Narad and remember the lines. So he gave up this role.

## *Math*

In maths, first he started counting the numbers till twenty. He used the empty pens, sticks, beads, pebbles etc. to do the counting. Later he counted the numbers on the ganit mala. After learning the numbers till twenty, he then started counting the numbers after twenty till hundred. When he got confident in forward

counting till hundred, he then started counting the numbers backwards from hundred. He was good in counting but he was not clear in saying the numbers just before ninety, eighty, seventy, sixty, fifty, forty, thirty and twenty. But after repeating it again and again he got to know all these numbers. When he was very clear about forward and backward counting, he then started recognizing the digits till ten. He was good in recognizing the digits till ten but later he also did the numbers till twenty. When he recognized all these digits, he also started writing the numbers till ten at first but later on he also

wrote till twenty. At first, he wrote the numbers a bit here and there but later he was good but slow. He also did some addition and subtraction of small numbers from one to ten and later on till twenty. He needs to improve more in his

subtraction and addition. He also played with the jodo cubes, akar parivar and rongometry. In akar parivar he was good in learning the names of the shapes. He was very good in arranging all the shapes in ascending and descending order. He was good in putting the missing shapes in their correct places, when didis used to remove them. In rongometry he was able to segregate all the

objects according to their shape, size, and colour. He also made some patterns using these objects and also counted-how many pieces they have used to make the pattern. With jodo cube he made some 2D and 3D shapes and getting all the objects together he was trying to tell some short stories.

### *Projects*

#### *Colour topic*

He is a very intelligent boy and he concentrates in the class. His first topic was colours. He has learnt all the seven colours of the rainbow and can recognize them well. While doing this

topic he was made to do lots of different activities, like visiting the garden to see the different colours of flowers and other plants. He understands most of the things which are taught. But he can't explain when we tell him to explain. He loves to do drawing and makes nice drawings.

Whenever he is asked questions, he answers but in short as he is very shy to answer. Sometimes he gets

distracted in the class. They had done a play on Janmashtami in which he had done the role of monkey but he didn't have any dialogues.

### *Family topic*

After the colour topic he took the topic My Family. He enjoyed drawing, a lot. His drawings were of his family and the work his parents do. They were very beautifully drawn. He gave introduction about his family and of each member who are there. He was fully concentrated in the class. He was able to answer the questions but he had a little difficulty in understanding who is called what.

### *Arts*

He is a good and nice boy. He participates well in the art class. He stays focused & happy, while doing all the activities. He has improved a lot in drawing, cutting and pasting. He is very much interested in doing paper folding. He had made yellow flowers to hang on the ceiling. He also did many activities in art class.

He enjoyed doing it. He painted the branches of the tree with brown colour. He made ladybird, snail, double boat, house, nuts and leaves. Among all these activities, he liked to make ladybird the most in cutting pasting. He is very friendly with his friends and helps them in finishing the work; he finishes his work very fast.

### *Games*

Anuraj is a good and cheerful boy. He has very good speed, observation and thinking power, but his body is very stiff. When we make them do exercises like stretching then he is not able to do it and he never tries also. He is interested in playing games. He loves to do exercises; he also loves to run. He is regular for games. He loves to play apple- apple banana the most. He is also interested in playing different games.
