

**PURBA 15 YEARS
FAITH GROUP**

ENGLISH LANGUAGE - Purva is now able to distinguish the phonic sounds better.

Her comprehension of grammar is steadily progressing though her writing needs to improve a lot.

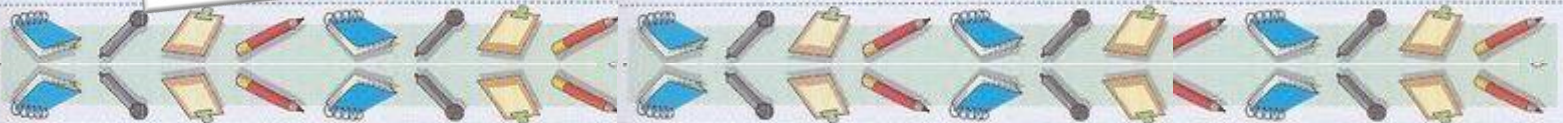

Her spellings are still on the weaker side but have shown a gradual improvement as well as her pronunciation.

She is lagging behind the others when it comes to her knowledge of the language but for that very reason, she puts in an effort to catch up.

Still needs to have more faith in herself.

ART APPRECIATION - One of the weakest link, she finds it hard to keep pace in reading and writing as well as in practical work.

She is hardworking and sincere though.

MATH - Purba is currently doing book-IV. She has finished four operations.

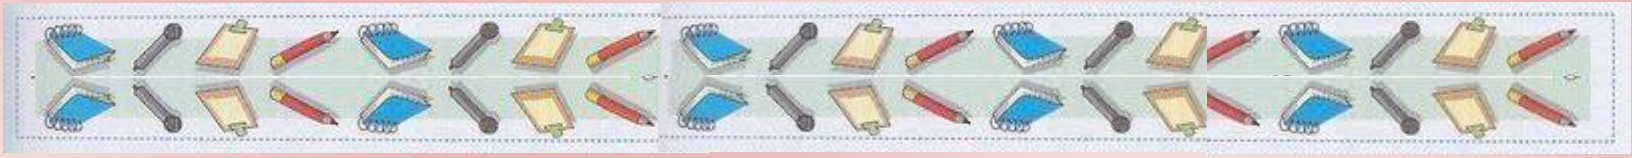

She is still struggling in multiplication and division. She is now doing fractional numbers. She finds it difficult to understand concepts. She forgets very quickly.

We are giving her individual attention and extra classes so she picks up better.

ODIA LANGUAGE - Purba is an obedient student.

At the time of discussion she sits calmly, seemingly focused but she forgets everything after a while. When we ask questions, she only smiles.

Purba cannot read Odia, except for a few words. She can do copy writing from books slowly. Her performance is below average.

HOME SCIENCE - She has better attention than before. She tries to do her work with concentration and attention.

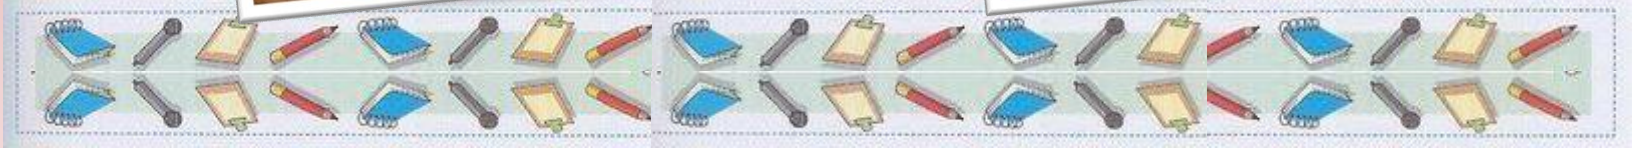

GAMES AND SPORTS - Purva is now more regular at games and this has allowed her to gain more confidence in herself.

She is more active while playing **basketball**, has improved her passing and shooting though needs to put more effort on ball control.

In **football**, she is capable of defending well but still needs to come out of her shell. She can lose her focus sometimes but can make a quick comeback.
