

Chetna paraja

Dob- 16-feb- 09

Attendance – 175 days out of 183 days

Report for 2024-25 (first term)

Introduction:

My name is Chetna Paraja. I study in 10th class. I have appeared for three of my NIOS papers in May'24 and the following were my scores: -

English	74%
Hindi	70%
Science	73%

I would be appearing for my remaining papers in November'24.

After my 10th, I have decided to continue my education and fulfil my goals.

Saramdan:

Mathematics:

I love studying maths. I have completed my maths course books 1 and 2, and I have also started solving question papers from previous years.

Currently, I am focusing on the chapters that were difficult for me, like trigonometry and arithmetic progressions (AP). I enjoy solving problems and preparing for the NIOS board exams, and I have also finished my practical work.

Social Science:

I have a passion for social science, and I particularly enjoy map work in SST. I had taken my SST exam, but when the

results came out, I saw that the examiner marked me as absent on my SST paper. So now, I am preparing for my exam again. I have also started working on previous years' question papers, and I especially enjoy map work.

Games:

At 4:15 PM, I have games. I begin with two minutes of silence,

followed by exercises and running to warm up. I love playing

basketball, volleyball, and football, and I also play minor games on some days. During the rainy season, I enjoy basketball the most and practise with my friends. On basketball training days, I learn new tricks from my teacher while playing.

Celebrations:

In our school, I celebrate many festivals. On July 5th, which is our school's birthday,

I sang the song "Nikhil Jyoti Ke" with Srinath Bhaiya and my group. I love learning songs, and after mastering them, I perform at

celebrations. I also sang the song "Mai Mar Bhi Jau" on Independence Day, which was taught to us by Kumari Didi. On Ganesh Chaturthi, I went to see a performance done by the students of our school, and I love watching my friend's dance.
