

Shivam Pukia

DOB- 30-May-12

Report for 2022-23 (first term)

Shramdan

He loves doing Shramdan in the hostel and he starts at 6:30 in the morning after the yoga class. He loves sweeping the floor in the hostel because it gets over very quickly. He has to do different corners on the different days of the week.

Projects

Shivam is an intelligent and sharp minded boy. He focuses in the class and remembers things quite well. But sometimes he gets distracted looking at the pictures in the books. He likes looking at pictures and asks questions of what is happening in the picture and tries to give his own views on it.

Simple Machines

Shivam was excited to do this topic. He read about the different types

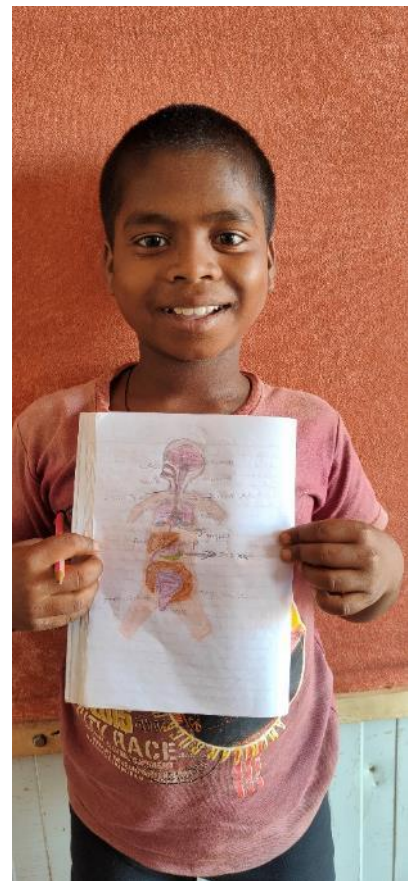

of simple machines and wrote his understandings quite well. He also remembered the types of simple machines and the three classes of lever. He chose to do project

about pulley with his other friends. He explained his part well, but he did not use the materials he had. He tried to make some simple machine, but he could not complete it on time.

Human Body Systems

In this topic he learnt the different systems of human body, their organs, and their functions.

In the skeletal system he learnt about the joints of the bones. He made drawing of the joints and wrote for the chart making.

In the nervous system topic, he learnt the names of all the organs of the nervous system and remembered them. He also learnt about the different parts of the brain and their functions. He understood the functions of spinal cord and explained it to the group with a nice drawing and chart.

He had made a nice drawing of the digestive system in his notebook and had coloured it very well. He remembered all the parts of the digestive system and their functions. He could explain the process of digestion in the class. With his friends he had made a nice chart of digestive system.

After doing this topic he solved questions from the book. He could answer the short and objective type questions independently and correctly but needed help in the long answer questions.

Countries and continents

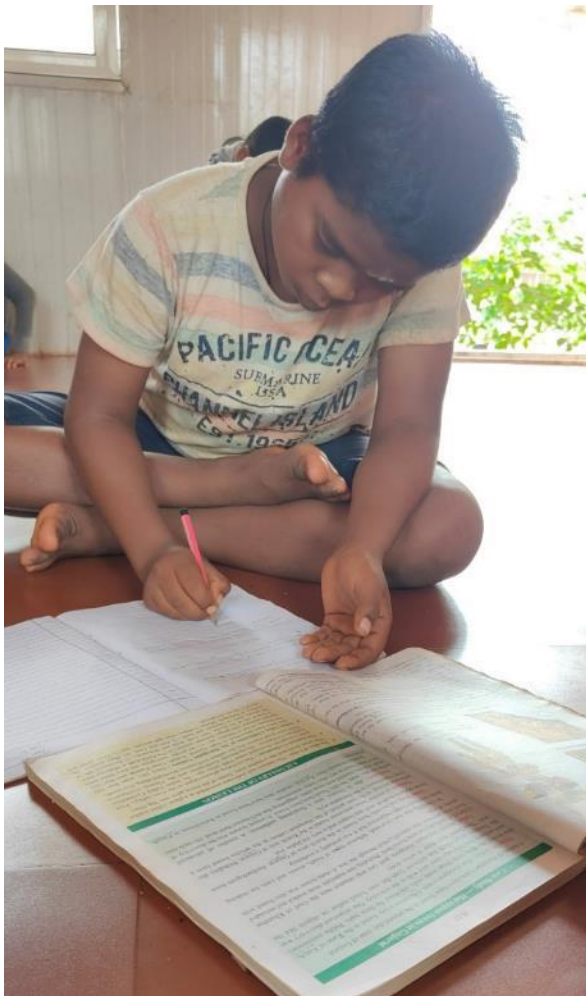

He participated in the group discussion. He learnt the names of the different continents. From the atlas he found out the countries of all the different continents and wrote their capitals also. He also

remembered the names many of the countries and their capitals. Personally, he chose Bhutan and found out all the facts of Bhutan and presented in the group. Although he didn't remember well, he took help of the notes he had made and presented well.

Civilization

Shivam was very excited in doing this topic. He always had some points to add in the discussion. We started with early humans and he knew some of the things about it. He got a good understanding of civilization after

doing the topic. He did his work nicely by reading the book and finding out and making important points in his notebook. He could give proper explanations about the civilization, religion, occupation, trade, script etc. He understood about the town planning of the Indus Valley civilization very well. Finally, he made a chart with his friends and presented in the class. Whenever he gave a test, he got at least 70%.

Maths

Shivam is good at math. He has a good understanding in various concepts like fraction, decimal, measurement, money, factors and multiples, time, etc. He can solve complex

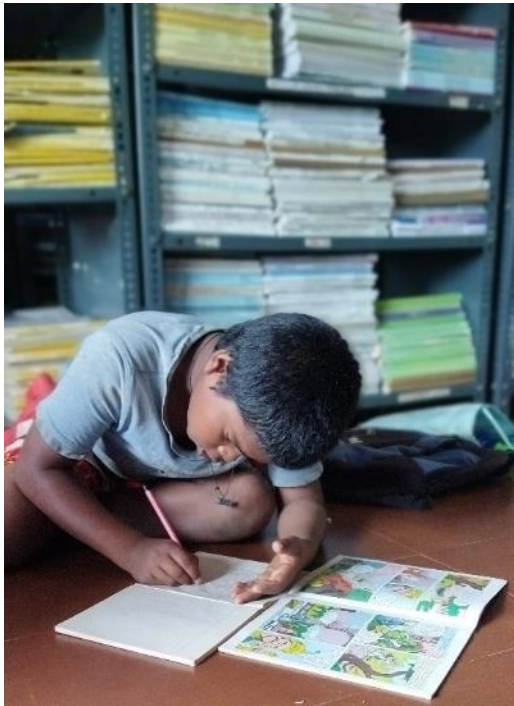

word problems. Sometimes he gets it wrong due to inaccurate calculations. Sometimes he hesitates to ask for help and struggles with the problems and gets slow in his pace. During

the concept discussions he is quick and accurate in responding. He is able to apply math skills and his understanding of various concepts to different learning activities. Shivam enjoys playing games related to fraction and decimal. Shivam is solving the decimal chapter from the 5th grade math book. In the money concept he has learnt how to convert from paise to rupees, comparison, addition, subtraction and division. For better understanding he also played the game 'Monopoly' which was related to money. He enjoyed playing this game.

English

Shivam is one of the intelligent students in the class. He has read many books and also understands while reading. His pronunciation is good and he is also able to understand the tough words without much difficulty. Whatever is taught, he catches it very quickly. The poem 'Who' composed by Sri Aurobindo, he was able to remember and recited the poem very well. He also can comprehend the

questions very well and with full understanding of what he wants to convey. Whenever dictation is given to them, he is able to get almost all of the words correct. His listening skills have improved a lot during these six months. He is very clear with whatever grammar has been taught to them by their teachers such as nouns, pronouns, collective, abstract nouns, plural form and singular and also about feminine and masculine. He needs to give more attention

during class and improve his sentence structure by reading more books. He spends most of his time in reading books in the library.

Hindi

Shivam is doing 5th class book of Pranjali. He also does 3rd class book of grammar. Sometimes he starts playing with his clothes and pen. His reading is good but writing needs some improvement. Sometimes he writes big and sometimes small and makes a lot of mistakes in matras. He needs to pay attention in the class. On 5th July he did a play- Ganga avtaran. In this play he was one of the Mahadevs. Mahadev's dialogues were very long that's why the role was divided into two parts. He learnt his dialogues very easily. Shivam was able to compose poetry in Hindi after many efforts.

Computer

In computer class he does typing and he is unable to do typing very fast and now he is doing lesson 2 which is E and I. He finds it interesting in doing computer class because he gets to learn how to do painting and typing master and sometimes bhaiya gives typing test to check on his improvement.

Odia

He can remember the songs and stories told in the class and also can tell the stories to his group in Odia. He needs to improve his writing. He can count and write the numbers from one to ten.

Arts and Crafts

Shivam is very good at colouring and loves to draw with colour. He has no problem in art class. He shows whatever he does. He is keen to learn different types of art. He works hard to do shading. He likes to draw the nature as well as human figure and can draw without any

difficulty. His imagination is very good. He is able to think very fast, he enjoys doing the activities. He made bird, dog, flower, collage and hanging.

Dance

Shivam likes dance class because he is learning different types of dances and he enjoys doing it. He likes to do folk and jazz dance the most. He has a good rhythmic sense and can remember all steps. He asks when he is unable to do.

He has learnt classical, hip hop, folk and basic jazz dance. He feels shy on stage. On 5th July he performed a classical dance on 'Sri Ram Chandra' and on 15th August did a jazz dance on a song 'Chak de India'.

Music

He is able to remember the ragas and alankaras and sing them with taal. He can give beats of some taals with his hands. But he needs to concentrate more in the class.

Celebration

On 5th July he enacted a play Ganga ka Avtaran in Hindi. He had taken the role of Shivji and he did the action of him very well. He had participated in doing a classical dance on the song Sri Ramachandra

which he enjoyed very much. He also sang an Odia song 'ae aamo vidya mondiro'.

On 11th August he celebrated Raksha Bandhan in the school and he tied rakhi to one of the child of Bliss group and sang songs of it and also got sweets to eat.

On 13th of August, it was Chachaji's birthday, so he did hawan. He also heard some of the interesting stories written by Chachaji.

On 15th August he had done the play on the life of Sri Aurobindo in which he had taken the role of a narrator which he did very well. He also did a dance on the song chakde India which was taught by Denis bhaiya. He too sang an Odia song tume nikhilo bondoniyo with his group. Before 15th of August, he had participated in doing many of the activities such as

poem writing, painting, essay writing, quiz etc. He participated in poem writing in which he took topic about sunny day, participated in quiz about freedom struggle, painting and he came third in writing essay about the life of Sri Aurobindo.

Trip

His trip was to south India. He visited the places like Simhachalam, Madurai, Rameshwaram, Kanyakumari and Pondicherry. In

Simhachalam he went to a temple which had more than a thousand steps. He enjoyed climbing the steps with his friends. There he saw the statue of Narsingh. In Rameshwaram he saw the sea and beach where he played with his friends. There he also saw the floating rock and he was not believing that a rock can also float. He also visited the place where Bay of Bengal and Arabian Sea meet. Then he went to Kanyakumari to see Vivekananda's rock by ship. Near the temple he also saw the feet of Kanyakumari Devi and it was very interesting for him. In Kanyakumari he went to see Vivekananda's memorial museum also. There He saw Vivekananda's rock which was interesting for him. Next to Vivekananda's rock he saw the statue of sage Thiruvallvur which was

built beautifully. He got the idea that Thiruvallvur was the poet of Tamil Nadu. Then he visited Madurai where he saw the Meenakshi temple which was designed beautifully. Then he went to Pondicherry and visited

meditation hall which was full of people, but nobody was talking there, it was completely silent. The next day he went to Auroville and there he saw the botanical garden. In that garden he saw many kinds of flowers planted beautifully. He also went to Matru Udhyan where he visited the garden and learnt many new things like Vermicompost, artificial mist, etc. In Pondicherry he also went to see the fish museum. There he saw different kinds of fishes and what they eat. He liked his trip so much that he keeps talking about it till now.

Games

In games he likes to play football with his group. While playing the game sometimes he raises his hand by mistake to stop the ball instead of kicking it with his legs. In volleyball he always likes to play at the centre but his team

always keeps him near the net. As he has started playing basketball, while playing nobody gives him passes except for Pranav when he's in his team. He gets tired very fast while taking rounds of the field, so he needs to run more and make himself strong

by building up his stamina.
