

Vikas Gouda

DOB- 24-Apr-08

Report for 2022-23 (Second term)

My name is Vikas. My school's name is Auro-Mira Vidya Mandir. I like to study in my school. My behaviour is very good towards my teachers. I like to study all the subjects properly. In my school, we celebrate Holi, Diwali, school's birthday, Sports Day and many more. I like to play games like football, basketball and volleyball.

SHRAMDAN

I like to do shramdan. We do shramdan like gardening, hostel cleaning, toilet cleaning and school cleaning. We do shramdan every day. In gardening we cut grass, plough, etc. I enjoy doing all activities.

ENGLISH

I like to my English class. I have completed the NIOS book 1 and have started the second book. I have only completed one chapter, that is 'the only cry'. I am giving tests on two-three chapters each time. I also learnt to write notice, message and letters. When test is given, I do well. We had celebrations on 5th July. We did a play-

'Ouch'. On 15th August we did a play on Sri Aurobindo. We also celebrated Teachers' Day. On Teachers' Day I liked seeing the teachers dance on the stage. We practiced quiz, speech and writing about Sri Aurobindo. I liked quiz the most.

HINDI

I like my hindi class. I have completed my syllabus. All the chapters were easy for me. I did well in the tests. My handwriting has improved. I can solve every question from the book.

SCIENCE

I like my science class. I have completed the first book of chemistry and now I am doing the second book of chemistry and there is only one chapter left. We studied Biology with Mita didi. Now I am studying physics. In physics I am on the 15th chapter and there are four chapters left. I get good marks but my understanding is not so good. I answer the questions by myself and when I can't do, I ask didi or bhaiya. I did practical with Raghu bhaiya. He told us to make a circuit and showed us an experiment which I liked the most because there was a pop sound.

SOCIAL SCIENCE

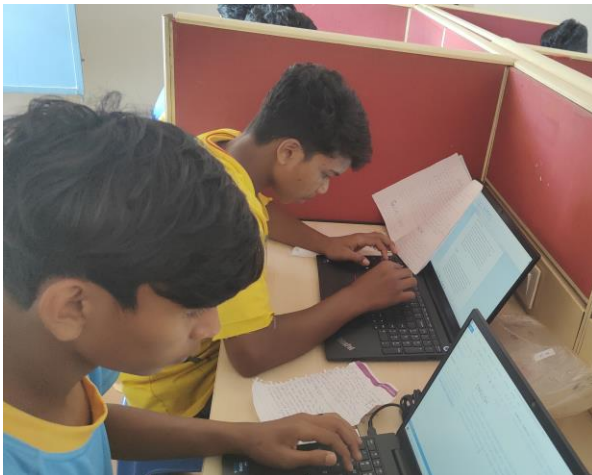

We are doing the 1st book of 10th class. We have completed half of civics and the whole of geography. We had answered all the questions and we write our own notes and then revise and give a test. I enjoyed

answering the tests given in geography because I found it easy to understand. We also read national geographic to increase our general knowledge.

MATHS

I like to study maths. I have finished both my NIOS books. Now I am preparing for my exams. I have solved a question paper where I got 48.5 out of 85. I got less marks because I had not revised the formulae of trigonometry and mensuration. The chapters which I found difficult were the ones which were new for me, like quadratic equations, arithmetic progression, instalment buying, trigonometry and some parts of construction. Now I am revising the chapters which were new for me from R.S. AGARWAL book. In first book test, I got better marks than in second book. The marks I obtained in 1st book were 32 out of 50 and in 2nd book I got 28.5 out of 50.

COMPUTER

I love to do computer class. I like to type. My teacher is Lalu bhaiya. I love to do computer class because there are many things to learn. My typing speed is increasing, but I have to improve more. I have done drawings on the computer and also made designs.

GAMES

I like to play games. My best game is football. I play games like football, volleyball and basketball. I like to play football because I like to kick the ball up in the sky.

Sometimes I also like to play volleyball. In volleyball I like to serve first, because if I serve first, then our team always wins. I also like to play basketball. In basketball I like to shoot baskets.
