

LALU 12.5 YEARS OLD

NEW CREATION GROUP - OCT'14 TO MAR'15

Lalu has a positive attitude. He is also obedient. He is receptive to ideas and opinions of others. He is kind and helpful and very committed. A responsible child. Very patient (to complete his task). Appreciates others ideas and qualities.

ENGLISH

Is very participative in class. He used to have the habit of turning up writing that he had put together in a hurry, but now takes time and is careful with what he produces.

He does have the habit of mixing up his tenses but is understanding it better. Was very good in the drama where he played an upstanding citizen.

Lalu is sincere with his work. He is getting better at bringing emotion into his stories, suiting his style of narrating stories. His spellings will get much better with time.

MATHEMATICS

Lalu is working hard. Though his understanding is very poor, he is progressing well than earlier. He forgets the concepts easily. He is doing Book - V. He always needs to be explained with concrete examples. He needs to work on HCF, LCM, money and area, volume.

HINDI

Lalu takes interest in learning, reading, writing, whatever activity is given to him. Sometimes he gets stuck while reading big words, that's when his friends help him.

He needs to improve his handwriting. In some specific grammar concepts sometimes he feels he has understood, but when he starts doing exercises he needs explanation and support.

SANSKRIT

Lalu has good understanding but at times he hesitates in making sentences or while applying the concepts learnt. At times he falters in using the correct word from the conjugation or declension learnt.

ODIA

Lalu attends each and every activity of Odia regularly. He enjoys playing tabla and singing Odia songs. He tries to recognise Odia letters and also read and write a little. He needs to work to improve his handwriting.

SCIENCE AND TECHNOLOGY

Lalu is little weak in the science. The problem with him is writing and understanding. But overall he loves the science. On Pranjali Bhaiya's birthday some the children did a presentation on science. Lulu showed a demonstration static electricity.

PROJECTS AND ACTIVITIES

Sincere, honest and courageous, Lulu is hardworking and kind. He excels in tasks that require hand-eye co-ordination like riding a unicycle or juggling. He is especially inclined towards athletics and body fitness.

SPORTS

Lalu is also an all-rounder. He is very committed while playing and loves to control the game. Has good stamina and doesn't mind playing in any position. He is good at carrying the ball forward and creating scoring chances, can become a much better player with time as the effort is already there. Is a team player.
