

Shruti Bishoi

DOB-26-May-17

Report for 2022-23

(First Term)

Shruti is a charming and cheerful child. She is regular to the school. She tries to maintain cleanliness while in the school. When sometimes she gets a bit dirty while coming to school, she is given clean clothes and she enjoys wearing them. When she gets new clothes her face glows with charm. She has developed friendship with everyone very quickly. She has started talking a lot in Hindi and she is always keen to learn new things. That is the reason due to which she has picked up the language very quickly. She has a habit of eating rice, dal and potatoes only. She needs to develop healthy food habits.

Chanting

During chanting time she sits silently and quietly by folding her legs. She chants loudly though she is unclear with the lyrics of some chants. She likes to sit near Didi while singing and sings happily. All her actions are energetic and active. She has learnt some new songs.

Drawing

She has a good sense of colour. She uses light colours for scribbling and

uses them beautifully. Her colours always remain within the outline of any drawing. She normally remains focused while colouring. She draws beautifully with lot of patience. She is a very soft and sweet child and her softness is exhibited through her drawings.

Dance

She loves to dance and is spirited when she listens to the music. She imitates the dance from didi when English rhymes are played. But in other music she is very creative. She beautifully dances on her own. She is really a creative mind and a good dancer.

Games

She jumps happily, runs fast and does the exercises nicely. She also enjoys the fun games. She is quiet energetic during the games period.

Movie

To sit in front of the TV and watches the rhymes, which is a difficult task for her. She unable to sit properly and concentrate till the movie ends. But the first 10 minutes she sings the rhymes with the TV and slowly she comes to a playing mood and starts fidgeting.

Mathematics

Shruti has learnt counting till 15 and she can count properly. She can concentrate in the class and she can pick up anything taught in the class very quickly. But sometimes she needs more attention from

didis. If didis will not give her attention then she is unable to concentrate. She likes to do maths during the activity time and she likes to count with objects.

Shruti is an independent girl who is confident in her gross motor skills. She is taking time to recognise Hindi and English. But she has a good capacity of learning and will learn soon. She is also a keen and intelligent child.
