## Report for 2024-25(first term)

### ENGLISH

I love my English class because our teacher makes it enjoyable. We do a lot of reading and grammar exercises. I participate in group readings with Sangita didi. I am currently working on the 5<sup>th</sup>-grade worksheet and also the "Engaging English" workbook. This year, I have learnt about nouns, adjectives, pronouns, idioms, abbreviations, and articles. If I don't understand something, I always ask for help.

We've also learnt to write poems and have watched movies like "Harry Potter" and "Matilda." I enjoy reading "Harry Potter," and when I come across difficult words, I ask didi for their meanings. My handwriting isn't great, but I practise to improve. I've read several books, including "Magic Clock" and "Twelve Silver Cups."

On Sundays, we watch movies like "Babe" and "Matilda." Sometimes didi asks us to write poems and essays, which I enjoy.

### ODIA

I love my Odia class because I want to learn proper Odia. We learn grammar and how to read Odia. We do group readings and free readings, and when we struggle, didi helps us understand. She also shows us movies in Odia, which we enjoy.

In class, didi often tells us stories, gives dictation, and checks our notebooks for corrections. I enjoy hearing stories about the lords and learn a lot from them. We've watched movies like "Chokolia Ponda".

## ART

I enjoy art class because we learn to draw and paint. Recently, we made a rabbit box and coloured it with oil pastels. We also do nature drawings and sometimes create from our imagination. Didi helps us with corrections and provides guidance.

Our art class runs from 2:30 to 3:30 PM, and I look forward to it. I love how didi supports us in our art projects, and I am very interested in art.

## SCIENCE

I'm studying the 7th-grade book. I find it very interesting.

When our teacher introduces new concepts, I pay close attention. We are currently working on the chapter about acids and bases. Initially, I struggled to focus, but now I'm engaged because we do experiments.

I always complete my homework and bring it to class. We check our notebooks and do corrections regularly. This year, we had a science exhibition, and I learnt about Newton's laws, which was challenging but enjoyable.

## DANCE

I love dance class because we learn various postures and mudras. We also do warm-up exercises to make our bodies flexible. I am trying hard to remember the steps and movements.

In dance class, we learn traditional dances from different states, including Bhangra and Bharatanatyam. I always strive to do my best, even when I find it difficult.

## MUSIC

I enjoy music class because I want to learn how to sing and play the flute. I focus on my lessons and practise diligently. This year, I have learnt various sargams and songs, including those taught by Shantanu da.

I love the songs we learn and enjoy performing them. Music class is a joyful experience for me.

## GAMES

I like games because they help me build stamina. Before playing, we always do warm-up exercises. My favourite game is basketball, and I play with a lot of energy.

While I find football less exciting, I enjoy being part of my team and learning new skills. I love the camaraderie during

On Raksha Bandhan, I recited a poem I created. I enjoy reading stories and practising my handwriting, which has improved significantly.

## SOCIAL SCIENCE

In social science, I study 6<sup>th</sup>-grade geography. I find the subject interesting and pay attention. I ask questions if I don't understand something.

After finishing chapters, we do question-and-answer sessions and get our notebooks checked. Sometimes we watch related movies, which makes learning fun.

games.

## HINDI

In Hindi class, I am currently reviewing the 5<sup>th</sup>-grade book. I find some concepts challenging, but I ask for help when needed. We do dictation and group readings, which help me improve my understanding.

## MATHS

I enjoy maths and am currently working on the 6<sup>th</sup>-grade R.S. Agarwal book. I recently started the chapter on fractions. I've completed several chapters, including the number system and whole numbers.

I find decimals easy but struggled with integers. I always ask for help if I need clarification. I aim to improve my skills through hard work.

## SHRAMDAN

I like participating in Shramdan because I learn many things from the didis and bhaiyas. Gardening is my favourite activity during Shramdan.

I am part of the E-group, and I enjoy completing tasks and learning new skills, especially in the kitchen.

## YOGA

I enjoy yoga with Bina didi, who teaches us various asanas. I appreciate learning new postures and breathing exercises. I strive to be present in every session and enjoy the flexibility yoga brings to my body.

aspects of using a computer.

## COMPUTER

I love computer class because I want to learn how to use a computer effectively. We have learnt about opening programmes and using keystrokes. I focus during lessons and enjoy the practical

## **SATSANG**

I love Satsang because we learn beautiful songs and chants. I pay close attention during these sessions and enjoy the new things we learn. I remember the Gita mantras well, and participating in Satsang brings me joy.

## **CELEBRATIONS**

During various celebrations this year, I participated in dance performances and plays. For our school birthday, I danced to a song we learned from Malti didi.

For Rath Yatra, I performed the same dance, and during Janmashtami, I played the role of a pandit in a drama about Shree Jagannath. Each celebration was a memorable experience, and I worked hard to prepare.
