

Muskan Sukia

Date of Birth-May 20, 2015

Report for 2022-23 (first term)

English

Muskan is a quiet girl who rarely speaks in the class. She listens to the stories

narrated to her carefully but sometimes does not understand them. She has difficulty in pronouncing some words, but she is working hard to improve herself. She is really interested in learning dance. She had taken the role of narrator in the play. She found some words difficult to pronounce while she was learning the poem, “God” and so, she took time to learn the poem.

Mathematics

She is a very quiet girl who sits properly in the class. She knows forward and backward counting. She can also recognize the numbers till ten. She played with the Aakaar Parivar kit and she can now arrange the different shapes in ascending and descending order. She found this difficult when she did it for the first time. She made many designs and different patterns with the rangometry kit. She enjoyed making all the designs. She took a little time in joining the jodo cubes. She and her friends made some toys with the jodo cubes like bed, chair, table and bridge. She needs to improve in and after and before numbers as she is confused it that.

Projects

Colours

She is slow in learning but tries hard as she is interested in doing the work given to her group. Sometimes she gets distracted in the class. She was very happy to do this topic though she could not recognize all the colours and did not know the name of the 7 colours. She did many activities on this topic. She enjoyed listening to all the stories related to colours. When the teachers asked questions, she could answer only about half of them. She learnt the song of colours

very quickly. She enjoyed making the drawings of different coloured-objects. She was taken to the garden so that she could learn to recognize colours and she drew different objects of different colours from the garden. She took part in the play of Two Hens. She played the part of a skinny hen and was very good at it. She also took part in many programmes for the celebration and on 15th August, she recited a song (Sri Aurobindo name anando). On 19th August, she performed in the play, “Makhan Chor” and took the role of a narrator. On 30 August, she did a dance, ‘Parbati Nandan’.

Family

In this topic, she made drawings of her family and was able to recognize everyone in the drawings. Her drawings were neat and clean. She did better in this topic.

Arts

She is a sweet girl who talks very softly. She does everything with great attention and full concentration. She is very friendly with everyone and helps other children to finish their work. Her drawings are very good and so is her colouring. While she was making the brown-

coloured snail and red coloured ladybird she enjoyed working with bright colours a lot. She likes to work by herself and she never tires or gets distracted. She is a little slow in picking up things and asks the didis to explain again. She finishes her work late, but her work is neat and clean. She made a ladybird, snail, double boat, house, nuts and leaves.

Games

Muskan is a healthy and energetic girl who comes regularly and punctually for games. She is interested in playing games, doing exercises and running. Though she is

very good at running but sometimes she gets lazy. In games she loves to play apple- apple banana the most and chain game.

Celebration
