

Rohini Gouda

DOB- 24-Aug-09

Report for 2022-23 (first term)

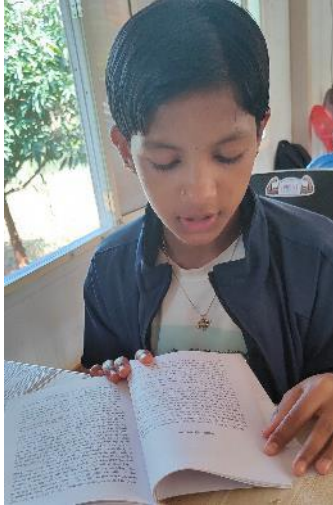

My name is Rohini Gouda. I am 13 years old. I study in Auro-Mira Vidya Mandir.

English

In English, I am doing the 3rd class grammar book. The chapter which I am doing at present is "conjunctions". I am able to understand the chapters from this book. I am also studying the Broadway book in English. I have read many books, like "Classical tales for children", "Stage fright on a summer night", "A Bear for Falicia", etc. My handwriting in English is good. My reading is also good, but I can't read very fast. My spellings are also good. I pay attention in the class, but sometimes I get distracted by other children. On 15th of August, we had presented a poem "Krishna" with actions, which I was able to do. I like the English class.

Hindi

I am doing the 5th class book in Hindi, in which I am doing the 16th chapter. I do Hindi class with Manisha didi. In *vyakaran*, I have learnt many things. Now I am giving the chapter-wise tests. In the test for first chapter, I got 7.5 marks out of 8. My handwriting, my reading and my spellings are good. I like to do Hindi class with Manisha didi and this is my favourite class.

Odia

We have Odia class on Wednesdays and Sundays. I study Odia with Papa Ji and Anuradha didi. I am doing 1st class book.

In Odia, my reading is a little slow and my handwriting is not good. But my spellings have improved a lot. I like the Odia class.

Mathematics

I study Maths with Mani didi, and I like to study with her. In Maths, I am doing the 5th class book and in that, I am doing the 10th chapter, after completing 9 chapters. I cannot understand some

questions but still I try to do them. When I go to ask Didi, Didi makes me understand the question. In the 5th class book, some chapters were easy and some were difficult. I enjoyed doing the chapters on decimals, time and fraction the most. Decimals chapter was very easy for me - I did all the sums of this chapter on my own correctly. I found fractions difficult, especially in simplifying and converting improper fraction to mixed fraction. I am a bit slow in mental calculations. I make a lot of silly mistakes when I get distracted. From now on, I will focus more on Maths and finish my 5th class book as quickly as possible.

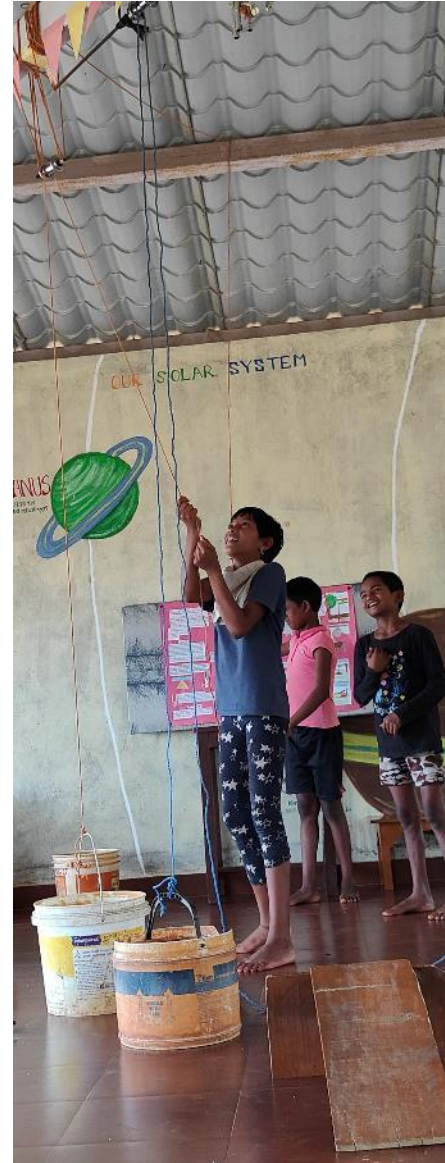

Science

In Science, I am doing the 7th class book with Jagat bhaiya and Ambika didi. I have completed the chapters "Light", "Electricity" and "Solid-liquid-gas". Now I am doing the chapter "Force and Motion". I have learnt about force, effects of force, etc. Earlier, I learnt about light and in electricity, I have learnt about electric current, open circuit, etc. I also did some experiments. I like to do experiments because when I do them, it is

easy for me to remember the concept. It is easy for me to solve the question-answers, but sometimes I cannot understand the question. I like to attend the Science class and this is also my favourite subject.

Social Science

In Social Science, we have completed History, and in Geography we have completed 11 chapters and now we are doing the 12th chapter. In Civics, we have finished studying only 2 chapters. All the chapters were very easy for me, but in tests I am getting less marks. I am still trying to do well. In the middle of the session, we had gone for a trip also. I do the Social Science class with Bhavna didi and Bikanti didi.

Computers

I like to do the computer class, but sometimes I get bored. In computer class, I do "Typing Master" and sometimes I do paintings. I go for computer class on Mondays. I do computer class with Lalu bhaiya, and sometimes with some other bhaiyas.

Art

I do art class with Brishti didi and Suparna didi. I cannot do drawing, paper folding and painting properly, because I am afraid when I think that the paper will get torn. Sometimes I do nicely in the art class, and I always like to do art class with Brishti didi and Suparna didi. I do the art class on Fridays.

Music

In music I have learned many songs and *taals*. I do music class with Anuradha didi. I like to do music class and I like to play the harmonium. I also learnt some Odia songs in the music class.

Dance

I like to do different types of dances and activities on dance. I can do many different steps. I remember the steps but, sometimes in the middle, I get confused. It is easy for me to remember the songs. I like to do dance class with Gauri didi and Suparna didi. I do dance class on Saturdays, in the afternoon.

Yoga

I do yoga in the morning every day. I like to do different asanas in yoga, for example handstand, headstand, etc. I do yoga with Bina didi. Sometimes I go late for yoga because sometimes I get up late in the morning. I like to do yoga.

Games

I play games in the afternoon at 4 o'clock. I play different types of games – like volleyball, minor games, basketball, and football. I like to play these games and my favourite game is basketball. I do exercises and running before the games.

Shramdaan

I do *shramdaan* in the morning. I do toilet cleaning, kitchen work, school cleaning, hostel cleaning and gardening. I do different *shramdaan* with different Didis. On different days, we do different *shramdaan*. I like to do *shramdaan*.

Trip to South India

I went for a trip to south India from the 17th of August 2022. First, we went to Simhachalam, where we went to see the Vishnu temple by climbing the stairs. After that we went to Kanyakumari. There we went to the Vivekananda rock - we saw the Vivekananda statue and fishes. After that, we saw the sunset and sunrise the next day. Then we went to Madurai. There we went to see Meenakshi temple, and to the Kings' temple. The next place we visited was Rameswaram. There we went to see Ram and Sita's photos, and we also saw the floating rock, and read about them.

Finally, we went to Pondicherry. There we went to see the Playground, we sat near the Samadhi for meditation, and we went to see Sri Aurobindo's hair, nail, slippers, bed, chair, etc. The next day we went to the train station. We stopped at Simhachalam for one night and after that, we came back to our school.
