

# Bhagwati Krisani

**DOB- 18<sup>th</sup> August'06**

**Attendance- 181 out of 183 days**

**Report- 2023-24 (First Term)**

## Introduction

I am Bhagwati Krisani, a 17-year-old with a passion for sports and academics. My primary hobby is playing various games, and I love participating in sports activities like running competitions and matches. Currently, I am pursuing my 12<sup>th</sup>-grade education through the National

Institute of Open Schooling (NIOS). Alongside my studies, I volunteer to teach dance and singing to young children, especially for festivals. Every Tuesday, I engage in activities with these youngsters, focusing on dance and song instruction.

## Yogasan

I make it a daily routine to practice yogasan in the girls' hostel every morning. I find immense enjoyment and flexibility in this practice, which has improved my physical well-being.

## Academics

In terms of academics, I am diligently preparing for my upcoming exams. In October, I will be appearing for my English and Geography exams. In

April, I already completed three papers, which included Data Entry and Physical Education. I have put in dedicated efforts in my studies to perform well in these exams.

## Games

Before engaging in games, I ensure that I do exercises and

running to prepare physically. I have a strong passion for running and enjoy playing a variety of games, including base kickball, volleyball, flying disc, and more. Among them, basketball is my favourite. On Saturdays, I engage in games with younger children, where we play minor games such as base kickball, Rani Kabaddi, touch ball, and dose ball.

Unfortunately, on Wednesdays, I have a kitchen duty, and I am unable to participate in games on those days.

## Shramdaan (Work Offering)

I actively participate in various shramdan (volunteer work) activities. I am responsible for six different areas, which are rotated on a daily basis. In the kitchen, I assist by cutting vegetables for breakfast and lunch. In toilet

cleaning, I take care of cleaning the toilets, bathrooms, and basins. I also sweep the fallen leaves in the area in front of the toilets and empty the dustbins for food waste. In gardening, I plant vegetables and do soil digging when necessary. I water the plants and take care of their well-

being. In boys' hostel cleaning, my tasks include sweeping the verandas and paths within the hostel campus. For girls' hostel cleaning, I focus on cleaning toilets, sweeping floors, and mopping verandas, along with removing any spider webs if needed. In school cleaning, I am responsible for

sweeping paths within the school campus and the common areas outside the groups. Some days, I also sweep and mop the floor in my classroom and empty the dustbin when it becomes full.

## Celebrations and Festivals

We celebrate numerous festivals in our environment, including Ganesh Chaturthi, Independence Day, Janmashtami, and Raksha Bandhan. On Ganesh Chaturthi, I performed Pushpanjali as part of the festival's rituals. For Raksha Bandhan, I had the pleasure of tying Rakhi on the wrists of younger children. I also actively participated in dancing during Rath Yatra

and thoroughly enjoyed the festivities.
