

Archita Krisani

DOB- 06-Feb-15

Report for 2022-23 (first term)

English

Archita is a quiet girl and sits properly in the class. She was interested in learning The God poem but took time to memorize it. She has interest in singing songs and rhymes. In both the drama performed by her group, she had taken the

role of narrator. She can easily remember her dialogues. She loves dancing and she has interest in dance. She is attentive during the story time. She can understand the story, but she never speaks in the class. She does not answer the questions.

Math

Archita is a very bright girl. She is very good at recognizing the

patterns. When she did the skip counting of two, three, four, five and six, she learnt it very fast and was able to recognize the patterns. It was so surprising that when she learnt the skip counting of two she took some time. After she learnt skipping twos, she started learning the skip counting of three and she went so fast in skipping threes without any mistakes. After that

she was so confident in skipping any number, even if it's wrong, she just speaks. She was also very good in backward counting from hundred, but she got

confused in between like the number before 90, 80, 70 etc. Now she can recognize the numbers with a song and she is very fast in recognizing the numbers with the song and also with some short stories and actions. She found it very interesting by doing these activities.

At first when she was new in counting, she was a bit slow but

gradually she managed to learn it. She had problem in saying thirteen, fourteen, fifteen, sixteen, seventeen, eighteen and nineteen. She was always pronouncing these numbers as thirty, forty, fifty, sixty, seventy, eighty and ninety. Eventually, with so much of difficulty she managed to say the correct pronunciation of the numbers. At first, she was shy but now she is opening up in math class. She has played with the jodo cubes, rangometry, and aakar parivar. She did many activities using these kits like segregating

it according to its colour and shapes. Making patterns using different shapes and sizes, and she also counted the shapes

which she has used in the patterns. She also made some 3D objects using the patterns like buildings and houses.

Project

Colour topic

She likes to draw the most. As colour topic was her first topic she was excited doing it. When she was decorating her chart paper then she had made many drawings.

She catches up things quite fast. She was more interested in singing. She was taken to the garden to recognize the colours. She was told many stories of colours which she listened to very carefully. She could recognise all the colours but she had a little problem at first to remember the names of the colours. She had beautifully decorated her board. She was fully concentrated in her work. She had done a drama 'the two hens'

and she had taken the role of a cook. She had told the dialogues very fluently.

Family topic

The 2nd topic she did was My Family, she was asked a lot of questions about her family and home. She also made drawing of her family members and what work her mother and father do. she did many other activities during the project class. For 15th August, she recited a song on Sri Aurobindo. On 19th August, she did a drama-

Butter Thief. She had taken the role of Gopi. On 30th august, she had done a dance on Ganesh Pooja which she enjoyed to do. She has been interested in doing all the things in the class.

Art

She is a nice and quiet child. She did every art work with concentration and great interest. Her understanding is very good. She is quick in learning every activity. Her memory is very good. She finishes her work nicely and helps her friends to finish it. She is very good at cutting, colouring and drawing. Her way of colouring is very attractive. She has participated in many activities like making ladybird, snail, double boat, house, nuts and leaves. She was very eager to learn all these activities. She liked to make the flower the most. She made bright yellow colour flowers.

Games

Archita is an energetic and active girl. She is interested in playing all type of games. Before playing games, she loves to

do exercises and running. She is regular in the games. She is also a flexible girl, her stretching is very good. When she is not able to do any exercise, she tries her best. But most of the time while

running she talks too much with her friends. But when she is alone then she runs properly.

Celebration
