✓ Simple sentence

✓ Complex sentences

There were some chapters which were difficult for me and I had to ask didi many times, but other chapters were fine and I could understand.

In essay writing I had difficult to write and also to understand. While writing essays I made so many mistakes in spellings.
Idioms and proverbs were very interesting and I could remember many.

We gave many tests from our textbook. In some chapters I did badly and in some it was fine. Once a week we read in the library.
I like reading horror stories.

I can understand by myself. Sometimes the class is interesting and sometimes it is boring.

Science:-

We have covered the following chapters-

- ❑ Crop production
- ❑ Micro-organisms
- ❑ Materials in our daily life
- ❑ Metals and non-metals
- ❑ Fuels and combustion
- ❑ Conservation of forests and wildlife
- ❑ Cellulous level of organization
- ❑ Reproduction
- ❑ Force and pressure
- ❑ Sound
- ❑ Light
- ❑ The universe
- ❑ Pollution of air and water

I am doing 8th book. I did Biology with Veerinder Didi and could understand properly.

We did tests also and I could remember many things and my tests were good. But sometimes it is difficult to remember some definitions.

In science I face difficulty in Chemistry in solving equations and remembering definitions. In physics also I cannot remember the definitions, but sometimes my tests are good.

When Srinath bhaiya teaches us science, then I feel bored because he is continuously speaking and we just have to listen to him.

Social science:-

In social science I am doing 8th book. We have completed civics.
I like to learn Civics because we come to know about elections.

In Geography we learn about nature so I like it.
In History we learn about the past so I enjoy learning History.
Sometimes we see movies in class and also we hear stories related to History then the class becomes more interesting.

When Pranjal bhaiya teaches us social science then it is very interesting because he tells stories in between, but sometimes when he is continuously speaking then I feel sleepy.

Maths:-

In 9th book I have covered the following chapters-

- ❑ Real numbers
- ❑ Polynomials
- ❑ Introduction to Euclid's geometry
- ❑ Angles, lines and triangles
- ❑ Linear equation in two variables
- ❑ Congruence of triangles and inequalities in a triangle

In these chapters I faced difficulty in two chapters- Angles, lines and triangles and congruence of triangles and inequalities in a triangle. In Math I feel more difficulty when I have to prove a sum.

English:-

I am doing 8th book. I like to do grammar and read books. Sometimes I find talking in English difficult because I don't speak much in English.

On Mother's birthday we did small plays related to the qualities of Mother. Also on Ganesh puja we told stories of Ganesh.
While I was telling story, I was hesitating. We have learnt many poems like Krishna, Who, Invitation, Tree, etc.

I don't like to recite poems especially on the stage while performing in front of everybody. While reading books we learnt many new words, and I enjoy reading books. By myself I like to read horror stories and comics.
I have read books like Vasilisa, plays for the children and other stories.

We have read many stories of Shakespeare like Julius Caesar, Romeo and Juliet, the tempest; a Tale of two cities and Sherlock Holmes.

We have read many stories of Shakespeare like Julius Caesar, Romeo and Juliet, the tempest; a Tale of two cities and Sherlock Holmes.
When we read a book and after that we have to write the story without seeing the book, then I find it difficult.

I have improved in English and I make fewer mistakes. I can understand my own handwriting when I write.
When we are supposed to write a story then I can write but if I am told to write a poem by imagining then I cannot write because it is very difficult for me.

My writing structure has improved. In English we have done conjunction, direct and indirect, prefix and suffix etc.
Earlier I had so many problems in direct and indirect but now I can do.
While we were doing conjunction sometimes I liked and sometimes I felt very bored.

Computers:-

In computer class we learnt many things. Such as making clock, mobile etc. We made many things in notepad also and it was very interesting. Sometimes we do paintings and typing.

Celebrations:-

During celebrations we have so much fun. We celebrated RakshaBandhan, Diwali, Holi, Independence Day, school's birthday etc.

In holi we played with mud and in Diwali we lit diyas in ashram.

I like Rakshabandhan the most because on this day we tie rakhi and feed ladoos to each other.

Shramdan:-

In Shramdan we do all types of activities such as-

- Kitchen
- Yogasana
- Gardening
- Music
- Toilet cleaning

In music I learn flute. I have learnt many songs, sargams and chantings in flute.

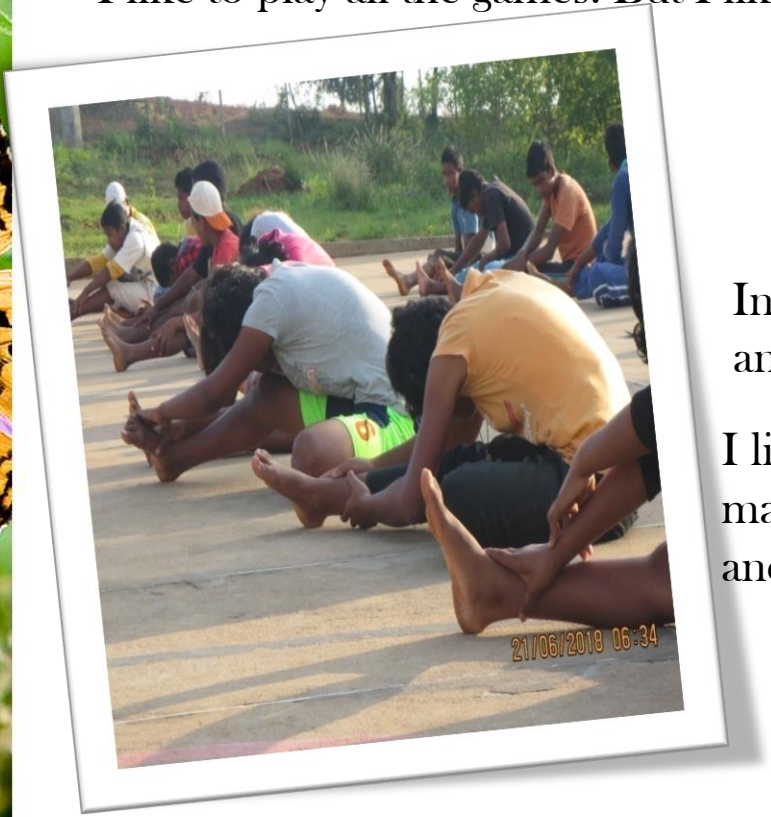
When we all play together in a group with all the instruments like sitar, tabla and flute, then it sounds good and I like it very much.

In gardening we water the plants every morning.

I like gardening because we plant many new plants.

Games:-

In games we play all types of games like football, basketball, volleyball etc. I like to play all the games. But I like to play minor games the most.



Sports:-

In sports we do hoopla, cycling, unicycle and pyramid.

I like to do pyramid the most because we make different types of postures and we have to climb on one another.

Trip to Rajasthan:-

I enjoyed very much. We saw many interesting things and we visited many places. We visited places like Jaipur, Jodhpur, Jaisalmer, Gulabpura and many other places. In trip we did camel riding and it was very interesting.

We played on the sand for sometime and we saw many people singing there. In Gulabpura we went to the cotton factory and saw how thread is made.

It was a long process but it was very interesting to see. In Jodhpur we went to the rock garden which was full of plants and animals around. We roamed there for a while and we saw many lakes and waterfalls.

Report by teachers:-

❑ Social Science

She has done the syllabus once and she find it easy.
She can answer the questions correctly and she is very independent.
She gives her work for checking on time and carries out the correction.

She is often late for class and doesn't like to sit in the class.
She gets good marks in the tests and she attempts all the question.

Her favourite subjects are Geography and Civics.
Her understanding is very good and she remembers easily.

English:-

Basanti's handwriting is very neat clean. She does all her homework. She is doing book 7th in grammar. She can understand and do by herself.

She has learnt letter writing before so it was not difficult for her.

She had to read a story book and tell in the class. She was fluent in telling the story.

Computer:-

She likes to type in typing master. She can type fast. But while typing fast she makes a lot of mistakes.

Often when she gets bored doing typing, she likes to paint. She is improving her typing skill.

Science:-

She listens carefully and understands. Whenever she does not understand, she asks. She takes part in various activities and experiments. She is confident to share her thoughts and ideas with the group.
