**Attendance-183 days out of 183 days**

## Report for 2024-25(first term)

### Introduction

My name is Shampa Muduli, and I study in 12<sup>th</sup> grade. I both study and volunteer with small children. Currently, I am preparing for my exams. I have already

completed three subjects: Physical Education, Home Science, and English. Now, I am

preparing for History, which I will be taking in October. I attend classes online. In school, I also volunteer, participate in activities, and do Shramdan. I enjoy all these activities.

### Shramdan

In Shramdan, I clean our hostel and participate in various activities like school cleaning, hostel cleaning, and toilet cleaning. I particularly enjoy sweeping the school. Every morning, I do Shramdan and complete all tasks with interest. After Shramdan, I help serve breakfast to the children and also cut vegetables. I feel good after doing Shramdan.

## History

I study History online with a Rachna Didi. I have finished the first book and have started the second, which is almost complete. I do questions and send my homework to Didi. She also provides notes and sometimes gives questions to answer. If I don't understand something, Didi sends related videos for clarification. I enjoy studying History very much. When I encounter difficulties, I ask Didi. I do all the answers myself and am now preparing for the exam in October.

## Painting

In painting, I study on my own and am currently making drawings independently. Sometimes, when I feel inspired, I draw various types of pictures, particularly nature scenes, which I enjoy very much.

## Volunteering

I enjoy teaching small children. I teach them English, Math, and project work. In English, I tell them stories, sing English

songs, and talk to them to help them

understand some words. They are now able to comprehend basic English. They are learning opposite words, animal sounds, and names of animal babies. I tell them various animal stories and teach them about shapes. In Maths, I help them with counting. I also teach them Hindi and English songs. I really enjoy spending time with them.

## Games

In games, I love running and exercising. I take 5 to 7 laps around the field. I am always punctual for games. Before playing, I concentrate for a while and pray to the Mother to

help me play properly and avoid injuries. After focusing, I do running and joint exercises. I love to run, whether on hills, roads, or sometimes in the field. After that, I participate in games, playing different types of sports. I enjoy playing very much.

## Celebration

I performed a dance on August 15<sup>th</sup>, "Shubh din Aayo," along with some of the didis
