

Brishti is a happy child having a pleasing personality.

She does her work quietly with focus.

Brishti shares food and her things with all her group mates.

She takes care of her belongings and stays neat and clean.

ENGLISH LANGUAGE

Brishti is very active during English class. She can read quite fluently and read tougher words while learning new words. She has a good sense of pronunciation and her spellings are also more stable.

She has understood the uses of grammatical rules and is able to apply them. Her writing can be much better if she worked on her spellings as she is quite creative.

Very neat and systematic in her work and approach. She played a good narrator in the Drama and picked her lines up in just a couple of rehearsals.

PROJECTS AND ACTIVITIES

Brishti shows an exceptional flair for arts and crafts. She prefers depth over breadth and can remember oral instructions better than most in class probably because she is a good listener.

She is sensitive and struggles with herself if she cannot understand what is asked of her. She prefers to get angry and put her head down instead of approaching her peers or the teacher. On the other hand, she tends to get overjoyed if she is able to resolve the matter and accomplish her task well.

ENVIRONMENTAL SCIENCE

She is an honest child. She loves Science. She led a group of children for making a 3D model on water cycle.

MATH

Bristi is very calm and quite. She does math sitting quietly and at her own pace.

Though she is slow but she does correctly. She has a weak memory so she takes time to recall the concepts and solve the problems.

Mostly she takes the help of objects or a picture to do calculations. She is currently doing the level 3 book.

HINDI LANGUAGE

Brishti is good in reading. She stumbles for pronunciation of big words, for which she takes Diya's help. Her handwriting is good. Normally she does not come up with imaginative new themes and ideas to write about.

She likes to read stories by her own self. She does not prefer group reading. She is being encouraged to read, write more to improve her vocabulary as normally in speaking and writing she uses only the regular words.

ODIA LANGUAGE

Brishti is a slow learner of Odia. From the month of March she is trying to pay due attention and improve her Odia language skills. She needs to develop her concentration skills.

SPORTS

Brishti is an active child. She is also very flexible, and balances well while doing Yoga postures.
