

# Stuti Jani

**DOB- 8<sup>th</sup> August 2009**

**Report for 2022-23**

Stuti Jani, a student of Auro-Mira Vidya Mandir studied in Class 8 last year. Despite facing challenging circumstances, Stuti has shown commendable dedication and potential.

Stuti comes from a family of extremely poor farmers, and like all students in our school, she is a first-generation learner. Despite the economic challenges her family faces, Stuti's commitment to her education is truly inspiring.

Stuti's decision to commute from home to school, foregoing the convenience of staying at the hostel where most students reside, was probably the beginning of the end. This choice demonstrated his non- commitment to his studies, due to the lack of external pressure from siblings. Stuti's attendance record of 301 out of 365 days last year is a proof of this as most students have a cent per cent attendance in our school.

Academically, Stuti has made significant progress. While her English proficiency is decent, her love for literature is evident from her interest in reading various novels and

comics. Her achievement of completing more than half of the Class 10 English syllabus is commendable.

In other subjects, Stuti has also made notable strides, having completed a substantial portion of the Science and Social Science syllabus of class 10<sup>th</sup>. She has lagged in Maths as she has only completed the Class 7 Maths book.

Stuti's talent in music shines through her ability to play the flute. Her passion for music adds to the diversity of skills within our student community.

However, we acknowledge that Stuti faces challenges in terms of drive and discipline to complete tasks. We believe that with appropriate support and guidance, she can

cultivate these essential skills and unlock her full potential. However, her decision to drop out has been contrary to this. We can only hope that she takes a break year and then joins any mainstream school next year, for which we can always provide financial support. As Stuti continues her educational journey, we wish her

all the best.
