

Report of Maina Krisani

2021-22

DOB- 22nd

April'07

My name is Maina Krisani. I study in Auro-Mira Vidya Mandir. I am 15

years old. I will be appearing for my 10th class board exam in April'22.

My subjects are- Science, Social Studies, Hindi, Math and English.

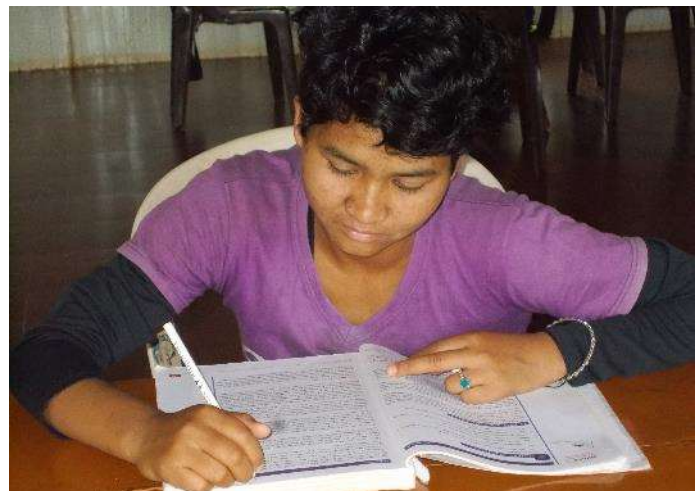

English

After finishing my course, I started revising for the exam. As English is an easy subject, it was easy to revise. I revised my course on my own.

Social Science

When my course finished, I started revising for the exam. I like SST very much as it is a mixture of History, Geography and Civics. I like History and Geography more than Political Science.

Science

I love science very much. It is my favourite subject. Before the exam, our teacher gave us many tests for practise which made us more confident for the exam.

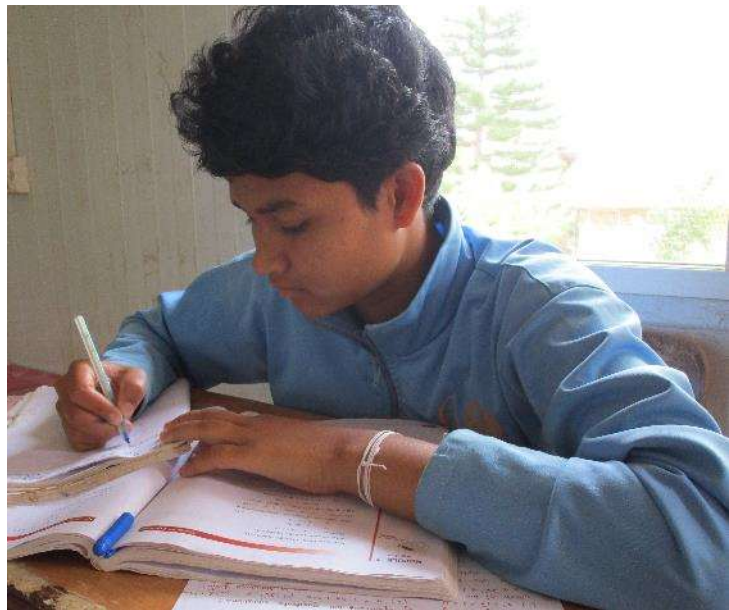

Mathematics

Math is another favourite subject of mine. Before the exams we had started practising and had also given many tests.

Hindi

When my course was completed, I started revising for the exam. As Hindi is an easy subject I didn't give much time for revision. I had practised two-three question papers. The exam papers have a lot of grammar questions, Letter writing, passage writing and questions from the text.

Shramdan

Last year, during shramdan time I would go to study Math as I was taking the 10th board. But I love doing shramdan. I like gardening the most.

Games

I love to play games. We play games six days a week.

We have basketball, football, frisbee and volleyball. I

like to play basketball the most as it increases my running speed and stamina.

Before games, we do exercises and running in the field or on the mountains.

Celebrations

I like to celebrate festivals.

On Janmashtami, we enacted a play. I played the role of a Nagin. We had also done a drama about Sri Aurobindo on the stage. It had come out very nicely. On Ganesh Chaturthi, we had made a nice statue of Lord Ganesh and we sang songs and celebrated it.
