ENGLISH LANGUAGE

Tanushree is getting better with her spellings and knowledge of words. She is able to read and comprehend what she just read, at the same time, honing her skills of pronunciation.

She works well in class, intermittently losing interest. She has started speaking more in English.

Her grammar sense is getting on at a steady pace. Her writing is average mostly because she is not applying herself.

PROJECTS AND ACTIVITIES

Extremely sensitive and stubborn at times, Tanushree is a kind hearted girl who lacks confidence to be herself.

Earlier she would cry and get upset when faced with one's failures/mistakes but of late has become more cheerful and committing to her work.

She can make more progress if she is regular to school.

ENVIRONMENTAL SCIENCE

She is a very responsible student. She does her work carefully. She made the chart on water sources.

MATH

Tanushree understands the concepts very quickly with concrete objects.

While she is a bit slow doing them mentally. She is able to solve the problems correctly. She needs help to comprehend the word problems.

She is confident in four operations. At present she is doing the level 4 book. She is not confident about division of large numbers.

HINDI LANGUAGE

She is able to read. Even though she knows a particular word, she will stop again and again, and read slowly. She needs continuous affirmation that she is going on the right track. We have to encourage her as she is low on self confidence.

She has a good handwriting. She is also able to think clearly and makes proper sentences while writing. She is imaginative and comes up with unusual themes.

ODIA LANGUAGE
