

Rashmi Karangia

DOB-24-mar-17

Report for 2022-23

(First Term)

Circle time

Rashmi is an obedient and a shy little girl. She sits quietly during prayers

and chants all the mantras properly. She likes to sing songs with action. Whenever she is told to sing any song solo, she feels nervous in the beginning but later on she sings very joyfully. Her favourite song is "Machhli Jal ki Rani hai".

Mathematics

She is interested in mathematics. She knows the names of all the colours. She is a very shy girl. When counting was being taught to them, she always kept quiet. But during these six months she has opened up

and is very good at counting. She is able to do forward counting as well as backward counting. She also enjoys making figures with objects like leaves, beads and pebbles. Whenever mathematical activities are done, she is always eager to do them.

Language

Her pronunciation is good and she understands many of the words used by didi. She has learnt some basic words of English. She has also been taught about the body organs and she took interest in this topic. She is eager to listen to the stories told by didi and also see the pictures.

Co-curricular Activities

During the activity time she pays attention in the class and whenever she is given to draw, she always draws a flower. She fills the flower with lots of colours with crayons. She likes playing games such as guessing, puzzles, cat

and rat game and fire on the mountain.

Health and hygiene

She is aware of cleanliness and sanitation. She washes her hands and plate before going to eat. She is obedient and stands in the queue while food is being served to them. She eats the food without spilling any food on the floor and eats all the vegetables properly.
